

Thank you for purchasing this Candle Below are the instructions on its multiple uses.

Instructions for a Fidelity Spell

Firstly, before doing anything find a safe place where you will put the candle. Place the Candle on a white or red plate. If the candle is tilting and won't sit still burn a little bit of wax on the bottom, then place it firmly on the plate. If you purchased oils to accompany the penis candle pour around $\frac{3}{4}$ of the oil on top of the candle, make sure the wick does not get wet. After prepping everything we will say the following prayer 3 times. We will be working with Saint Marta the Dominator to assure fidelity and protection from our lover.

Oh! Mighty Saint Marta,
Virgin Dominating the serpent,
you who saved a child from certain death
wrapped by a serpent and God,
through the intercession of Santa Marta,
granted the child,
by the call of a bugle or whistle
They will approach respecting your innocence.
I also wish my Santa Marta,
that through your divinity,
free me from all evil
and drive away everyone
who intends to hurt me,
allowing the snake
that clothes Santa Marta to dominate them,
getting tangled up in his body
until you regret
and ask me for forgiveness on my knees.
I commend my faith to you Saint Marta so
(be it my lover, husband or husband),
May attend me with love
and do not abandon me in my needs,

on the contrary

Santa Marta dominate it with the serpent,
so that he may come meek to my feet.

So be it.
