

CONCRETE SAW

POWER YOUR WORLD

TFS18H

Engineered for performance, strength, and durability, the Tomahawk Power TFS18H Concrete Saw is specially crafted for flat sawing, asphalt cutting (roads, driveways, parking lots), and repair applications.

Whether sawing asphalt or concrete, the TFS18H's reinforced steel box frame design adds strength essential to diminish vibrations while sawing. The minimization of vibrations extends the saw life and enhances the performance of the blade, while ensuring straight cuts with the use of a saw guide.

For versatility to allow for right and left hand cutting, this saw utilizes reversible guard and dual blade flanges. Its user friendly design provides for easy blade replacement, utilizing a hinged front, lift-up blade guard.

SPECIFICATIONS

Engine	Honda GX390
HP	13.0
kW	9.6
Max Cutting Depth	5.5 in
Blade Size	12 in - 18 in
Depth Adjustment	Handle Rotation
Driving	Manual Push
Water Tank Capacity	9 gal
Weight	304 lbs
Package Dimensions	61 x 19 x 38 in

Reversible guard & dual blade flanges

Saw guide ensures straight cuts

Lifting bar for easy transport

1-year Product Warranty
3-year Engine Warranty
