

REVERSIBLE

TPC170H

WORK SMARTER, NOT HARDER

With cutting edge features like the reliable Honda GX200 Engine, extendable base plate, and hydraulic system this compactor has everything you need to keep your jobsite running smoothly!

COMPACTION FORCE OF 7,000 LBS/FT

Achieving a 98-100% Compaction Rating on cohesive and granular soils, up to 20 inches, this reverse compactor is perfect for professional applications requiring nuclear density testing and field compaction tests.

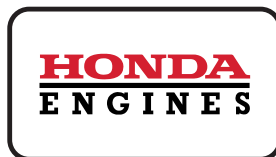

TRUSTED NATIONWIDE

With a 3 Year Engine Warranty, faster spare parts availability, and a reliable repair center network it's easy to see why the U.S. Department of Transportation and contractors nationwide are choosing Tomahawk for their asphalt and soil compaction work!
