HONDA
ENGINES

5.5HP GX160 ENGINE

Powered by the industry's most trusted engine, this compactor has got you covered for projects all season long!

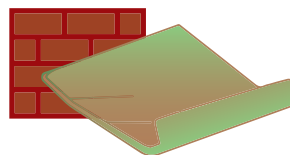

1000X STRONGER
THAN CAST IRON PLATES

Built with a cold rolled steel plate, Tomahawk engineers use a "cold drawing" process to increase tensile strength, remove imperfections, and improve the surface finish for an all-around superior compactor base plate!

3.5 GALLON WATER TANK

Great for asphalt projects including driveways, parking lots, roads, & more.

Poly Pad Available for
Safe Brick Compaction

6-Year Product Warranty
3-Year Engine Warranty
