

 BLAZE®

Built with Lasting Strength

Since its founding in 2012, Blaze has stayed true to its original concept of making premium grilling and outdoor living accessible to all. Doing so has required an unwillingness to sacrifice superior materials and unrivaled warranties, both of which fortify every Blaze product. We use ultra-durable, commercial-grade stainless steel fit for the outdoors, backed by best-in-class lifetime warranties to reinforce your confidence in our construction. Put it all together, and a Blaze is a premium product without the premium price tag.

Elegantly Designed

Looks aren't everything, but there's something to be said for a modern aesthetic that transcends time and fads. Every Blaze product is designed to meet that high standard of elegance, from the stunning quality of materials to the finely handcrafted details found in every knob and curve. For outdoor entertainers who value sleek appearances, there's nothing quite like a Blaze as the centerpiece of it all. We design with you in mind — because creating a luxurious outdoor living space shouldn't break the bank.

Engineered with Purpose

Every Blaze item is carefully crafted, with years of industry experience and know-how helping us create all-around premium products for your enjoyment. The sense of community from gathering around a sizzling grill in a cozy outdoor space is something we can all relate to, so we spent years fine-tuning every aspect of our products to serve that purpose. Encouraging that togetherness drives everything we do and is at the heart of the Blaze experience. After all, we don't just want to give you a great grill; we want to help you grill for life

- Built to last from strong, superior materials
- Designed to impress with elegance and flair
- Purposefully engineered with you in mind
- A premium experience without the premium price
- Backed by best-in-class, lifetime warranties

▶ Marine Grade

▶ Blaze Premium LTE Marine Grade Grill

Coastal living should never stop you from enjoying the very best in grilling. That is why we designed a Blaze Premium LTE Grill built from marine-grade, 316L stainless steel, an alloy with extra resistance to saltwater environments. This 4-burner grill is also rated for multi-user applications such as multi-family dwellings, apartments, hotels, and (of course), seaside condos. Under this 3-year multi-family warranty, Blaze also extends its usual lifetime coverage to include labor charges.

- The Blaze Marine Premium LTE grill includes all the same amazing features as the original Premium LTE model, with the only difference being marine-grade steel used in construction
- Enjoy your Blaze grill freestanding on a cart or built right into your outdoor kitchen island

Charcoal Grill

Blaze Charcoal Grill

Why should our approach to building the best all-around grills be limited to one fuel type? We purposefully engineered the Blaze charcoal grill with the same thought that goes into all our products, starting with heavy-duty, 304-grade stainless steel construction for rugged durability in the outdoors. Of course, we followed that up with our best-in-class lifetime warranty, not to mention a double-lined grill hood that wards off heat discoloration and efficiently traps heat. And once you get under that hood, you will find even more to love about our affordable, commercial-style charcoal grill.

OPTIONAL CART:
BLZ-GRIDDLE-CART-SC

Blaze Premium LTE Griddle & Cart

Blaze got in the griddle game with this Premium LTE model, and the results are what you would expect from the leading premium grill brand. Just like with its gas grill counterpart, we chose heavy-duty, 304-grade stainless steel for maximum durability, along with the LTE Series' LED red control knob illumination. The stainless steel burners are U-shaped to provide exceptionally even heat across the 495 square inches of cooking surface, which can be used for everything from stir fry and searing steaks to a full-scale breakfast.

- **Heavy-duty, commercial-grade stainless steel** construction packs unrivaled longevity
- **18,000 BTUs** of cooking power in each **U-shaped burner** provide astoundingly even heat across the griddle surface
- **Reliable flame-thrower** ignition makes lighting the griddle simple, while the **backup flash-tube ignition** with crossover channels ensures you can always light the unit
- **Full-width grease trough** directs drippings into the drip tray for effortless cleanup
- Enjoy your Blaze griddle freestanding on a cart or built right into your outdoor kitchen island

Electric Grill

BLZ-ELEC-21
 OPTIONAL PEDESTAL: BLZ-ELEC21-BASE
 OPTIONAL HANGING KIT: BLZ-ELEC21-HGKIT

Blaze Electric Grill

With a compact, water-resistant design and 3 years of multi-user coverage in addition to our lifetime warranty, the Blaze electric grill is fit to cook anywhere there is a power source. This grill is a great solution for urban living spaces where open flames are prohibited, but it is just as useful at campgrounds, marinas, and even traditional backyard grilling areas. Blaze's 9mm triangular stainless steel cooking rods expertly channel heat from the 1,500-watt heating element, allowing you to sear to your heart's content without open flames. The 304-grade stainless steel grill body has a double-lined hood to trap heat and prevent discoloration, with 16-gauge flame-tamers to keep flare-ups at bay. A 60-minute safety timer gives you added peace of mind when using the Blaze electric grill, which is available in table-top, pedestal, and built-in configurations to meet your needs.

- **Commercial-grade stainless steel** construction enhanced with a **water-resistant design** to protect electrical components
- Blaze's usual **best-in-class, lifetime warranty** is paired with a **3-year warranty for multi-user applications**
- **The patented* 9mm triangular cooking rods**, which are identical to those on the Premium LTE grill, channel heat to produce impressive sear marks even without an open flame
- **Full-size heating element** has a maximum surface temperature of 749°F, more than enough for high-heat grilling
- **Double-lined grill hood** helps stop discoloration and retains heat for consistent temperatures
- Grill with confidence thanks to the **60-minute safety shutoff timer**
- **Pull-out drip pan** for easy and efficient cleanup

Kamado Grill

Blaze 20-Inch Cast Aluminum Kamado Grill

The modern kamado-style grill is widely considered one of the most versatile grills on the market — and for good reason. Most are made from thick ceramic that holds heat for long periods, ideal for everything from grilling and smoking to roasting and baking. Furthermore, kamados maintain consistent temperatures as low as 225°F and as high as 750°F and up. Their vent systems allow grillers to precisely control airflow, essentially turning the grill into a wood-fired oven.

Blaze took the lessons learned from centuries of kamado-style cooking, then introduced a modern twist by building this patented kamado with solid cast aluminum measuring 1" thick. Why cast aluminum? This design provides unparalleled durability — extreme saltwater and explosive tannerite tests proved that — plus the same outstanding temperature control and heat retention ceramic kamados are so well known for. With a lifetime warranty on the cast aluminum body and other key components, kamado purists can confidently break from tradition to experience a superior grill engineered for luxury cooking.

Standard Features

Cooking Grid
 20-inch diameter stainless steel hex-shaped cooking surface provides exceptional heat retention and beautiful sear marks.

Hinged Cooking Surface
 Hinged cooking surface allows for the convenient addition of wood or charcoal without removing the grates.

Lift Assist
 Pre-installed lid hinge with lift assist allows for easy burping and opening of the kamado.

Tongue and Groove Seal
 Instead of the traditional gasket design, which often needs replacement because of wear and tear over time, Blaze chose an exceptional tongue-and-groove seal to help the lid last longer and better lock in smoke.

Molded Exhaust Cap
 Cast-molded exhaust cap allows for precise heat control.

1-inch Thick Cast Aluminum
 This design adds unparalleled durability.

Vent Hoods

Smoky flavors are a hallmark of great BBQ – but too much smoke can ruin your cookout in a hurry. Thanks to a deep hood canopy and powerful motor system, Blaze Outdoor Vent Hoods ensure smoke never chases guests out of the beautiful outdoor space you have worked so hard to create. Blaze hoods feature industry-leading 36" or 42" of depth, offering more coverage of the cooking space to capture larger quantities of smoke and heat. Each motor brings 1,000 CFM of suction to the BBQ (giving the twin-motor, 42" model 2,000 CFM of pull), averaging 60% greater performance when compared with the strongest vent hoods on the market today. With so much size and power, Blaze Outdoor Vent Hoods can be installed farther from the grill than other hoods, creating a less cluttered view of the cooking area and increased comfort for outdoor chefs like you.

Blaze 36" and 42" Vent Hoods

- Large canopy depth maximizes the capture range of the vent hood
- Independent and individually controlled 1,000-CFM, 4-speed motors provide exceptional smoke removal
- Higher allowable installation height creates a more comfortable work area
- 4 halogen lights illuminate your cooking surface any time of day or night
- Innovative grease-free, retractable controls with lighted facing
- Reversible motors and back-venting option keep you in constant control
