life-changing decision to
Sponsor a Community

Thank you!

Welcome to Community Sponsorship!

For more than 80 years, ChildFund has been creating sustainable change in some of the world's poorest communities. Because of generous supporters like you, we are able to help children, youth and their families to thrive!

In my role at ChildFund, I've had the incredible opportunity to travel to the areas where we work, and meet many of the children our donors support. I'm always humbled and inspired when I see how your donations, however large or small, create huge impact on the lives of the children who need it the most.

That's what Community Sponsorship is all about: helping communities in need to reach a point of self reliance. It's the time when children and youth can truly thrive, without the need for our support any longer.

Thank you so much for becoming a Community Sponsor. It's my hope that you'll be as inspired as I am when you hear the amazing stories we share, directly from the community you're supporting.

Ngā mihi,

Paul Brown
CEO and Sponsor

In 2018, Paul travelled to Emali, Kenya, one of the communities supported by ChildFund sponsors. In this photo, Paul visited a school feeding programme which helps students by providing a nutritious meal every day before class.

Because of you, ChildFund is helping a community, and those who live there, to reach self-reliance!

When ChildFund begins working in a community, we identify some local partners to help us achieve impact.

Road Mapping: Towards Self-Reliance June 2019

Along with our partners, we work with community members to create a long-term plan with the goal of self-reliance. We call this a Road Map.

With the support of our generous donors, we are able to implement life-changing projects and programmes in the community.

Twice per year, we share stories from the community you support, showing the incredible changes happening, thanks to you!

On behalf of the children and youth
your donations help support,

Thank you!
