INSTRUCTION MANUAL

CONGRATULATIONS

You are now a proud new owner of a KYOWA Air Fryer model no. KW-3815.

Before using for the first time, kindly take time to carefully read your instruction manual. Please observe all safety precautions and follow operating procedures. After reading, kindly store your instruction manual in a safe place for your future reference. Should you pass on this Air Fryer to a third party, please hand over this instruction manual as well.

PARTS DESCRIPTION

IMPORTANT SAFEGUARDS

When using your Air Fryer, basic safety precautions should always be followed:

- Always operate your KYOWA Air Fryer from a power source of the same voltage and frequency rating as indicated on the rating label.
- Place the Air Fryer on a flat surface and far from the edge of counter top.
- Keep at least 3 inches of space on all sides of the Air Fryer to allow proper ventilation.
- Do not operate the Air Fryer if any part of it has been damaged. Return the appliance to the nearest authorized dealer or service facility for repair.
- Do not operate or place any part of your Air Fryer on or near any hot surface such as a gas or electric burner, hotplate or heated oven.
- Do not use or replace accessories of the Air Fryer, other than the ones originally provided.
- Oversized foods must not be put inside the Air Fryer to avoid the risk of fire or electric shock.
- This Air Fryer is not intended to be used with an external timer. Use only the timer control of the unit.
- Avoid touching hot surfaces of the Air Fryer during use. Use the handle only.
- Never leave the Air Fryer unattended when in use.
- Turn timer to OFF and plug from the outlet before taking out the pot of the unit.
- Always turn setting controls to OFF before disconnecting the cord from the power supply. Hold plug when unplugging from socket. Do not unplug by pulling the supply cord.
- Switch OFF and unplug the Air Fryer from outlet when not in use or before cleaning.
- To reduce the risk of electric shock, do not immerse or expose the Air Fryer to rain, moisture or any liquid.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- Keep out of reach from children or from persons with mental or physical disabilities.
- This KYOWA Air Fryer is intended for normal domestic/household use only. This model is not suitable for commercial use.

HOW TO USE

- Remove all packaging materials from the air fryer.
- Wash basket and frying tray with mild soap and lukewarm water; wipe other non-removable parts with soft and damp cloth. Dry all parts with a soft cloth thoroughly before assembling.
- Some parts of the air fryer have been slightly greased and as a result, the fryer might slightly emit smoke when connected for the first time. This however will cease after you have used the fryer for some time.
- Place unit on a stable, and heat-resistant surface.
- Put basket in the frying tray then slide assembly inside the air fryer unit.
- Unwind cord from the storage compartment at the bottom portion of the unit.
- Connect power cord into the power supply.
- Set timer to 10 min, then preheat air fryer at MAX temperature setting. Power ON light and heating light shall then illuminate.
- Pull out oil tray and basket assembly from the unit.
- Place food in the fryer basket.
- Slide back tray and basket assembly into the unit.
- Set temperature as per food requirement.
- Turn timer knob to the required food cooking time. Turning timer knob will also turn the unit to ON.
- During cooking process, heating light may cycle to ON and OFF to maintain proper temperature inside the unit.
- Some food may require to be flipped or mixed halfway cooking time – you may do so by taking out oil tray and basket assembly from the unit. Detach basket from the tray by pressing down basket release button and then pull out basket from the tray. Shake tray or use a wooden spatula to flip or mix food.
- Kyowa air fryer is equipped with safety switch which automatically turns the unit to OFF once the basket is taken out or is not fitted properly into the unit. Just put back basket and tray into the unit to continue cooking.
