**My Growing Season**

Let's play "I Spy!" See if you can find all 12 of these things while watching conference!

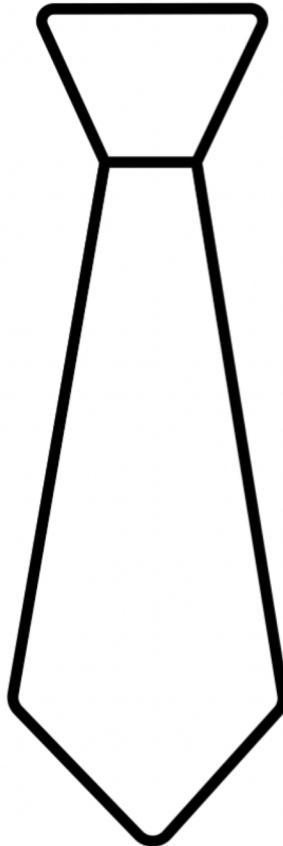

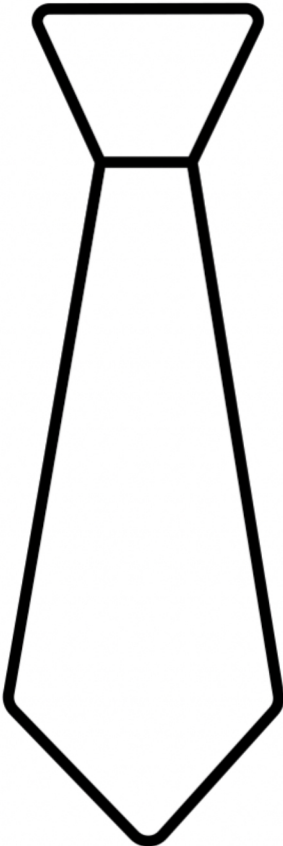

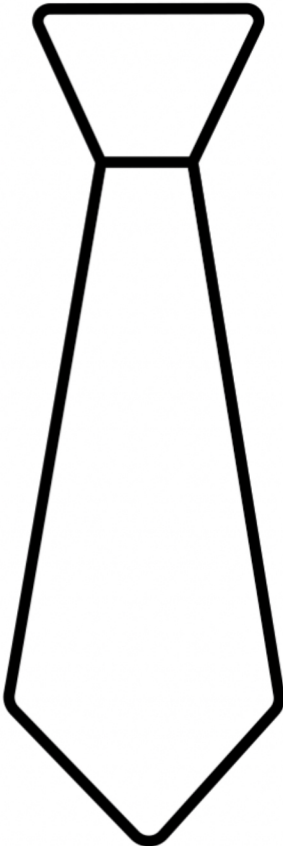

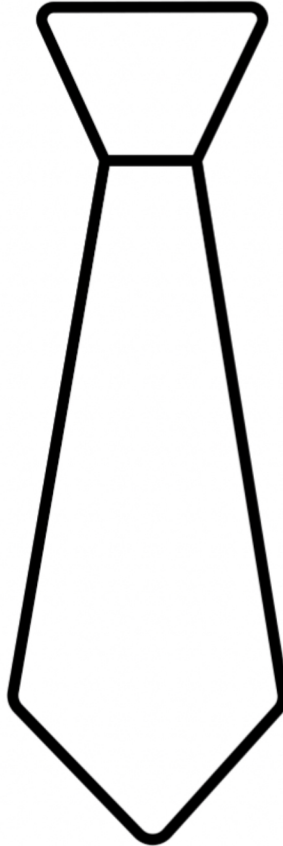

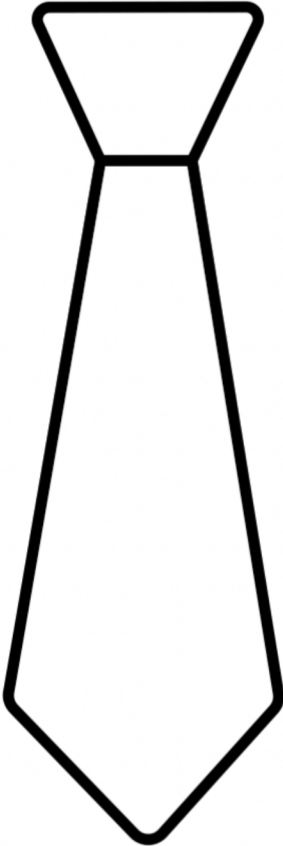

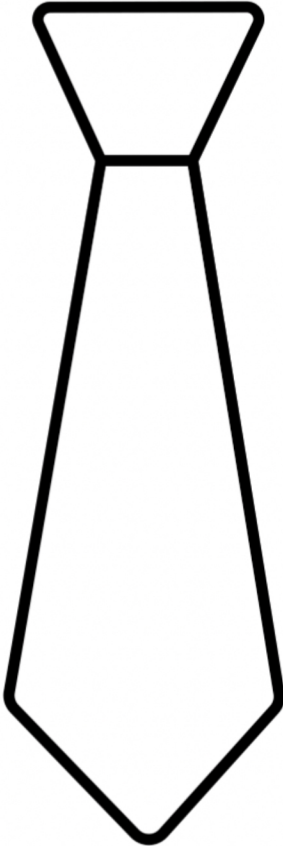

Take turns connecting one dot to an adjacent dot either horizontally or vertically (no diagonals), drawing one line per turn. If you draw a line on your turn that completes a square (1 dot-by-1-dot in size) fill the square with your first initial. The player who closed the square and put their initial in the box gets another turn. When all the squares are made & filled, the player with the most boxes wins!
