DON'T EAT PETE!

Don't Eat Pete Instructions

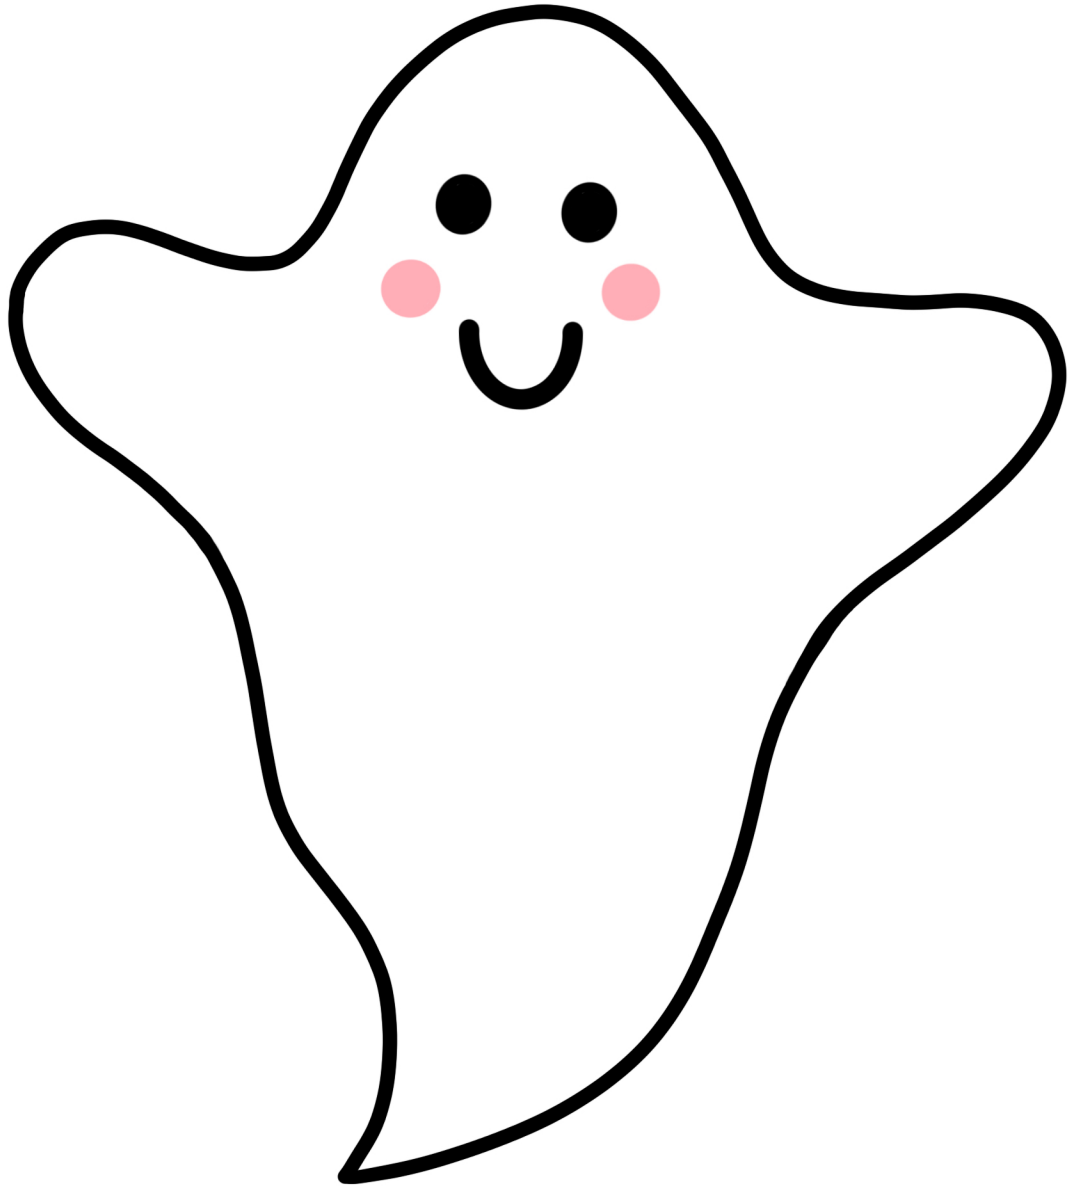

Place a small treat on each square (candy, M&M, cereal, mini marshmallow, etc). Send one player out of the room while the rest of the players choose one square to be “Pete” for the round.

Invite the other player back into the room and have them start eating one treat at a time, trying not to pick “Pete.”

When the player picks up the treat that is on Pete, everyone yells “Trick or treat! Don't eat Pete!”

The game resets and another player goes out of the room while a new “Pete” is picked.

*** Place your board in a plastic sheet protector to help it hold up longer! ***
