

JUST RIDE.

ELECTRIC BICYCLE RANGE 2022

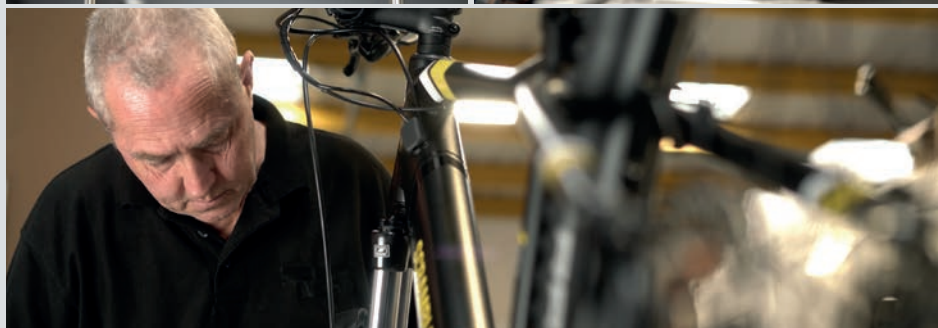

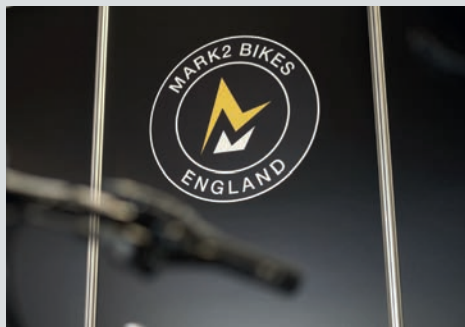

mark2.co.uk

About Mark2 eBikes

Award winning excellence. Innovative eBikes.

Mark2 Electric Bikes was established in 2016 with the specific goal to create exceptional quality, innovative eBikes unique to the market.

Taken over in early 2020 by Edward Thomas, Mark2 Electric Bikes has rapidly become a leading eBike brand in the transport & leisure industry(s) - not least of all for our novel, fresh approach to the design & manufacture of all electric bikes in our growing range.

Designed in the UK. Manufactured in Europe.

Designed in the UK and hand built in Europe, Mark2 Electric Bikes are of such a standard we offer industry leading warranties; providing you with peace of mind and the confidence you need to just ride.

Our knowledgeable and experienced team are developing new models for production here in the UK, whilst working hard to create a UK-wide service support network - building an unbeatable brand we are exceptionally proud of; remaining unafraid and inspired to create eBikes that we all want to ride!

X-CROSS

450
