Add A Photo To Your Locket

Make it one-of-a-kind for yourself or someone else with a simple personal touch.

STEP 1 Choose the image you want to add to your locket, whether it's a family member or your pet (we don't judge).

STEP 2 Go ahead and print your image. We suggest 2 x 2cm and recommend printing on 180 – 400 gsm photo paper.

STEP 3 Print this page on A4 with a page scale of 100% in the settings.

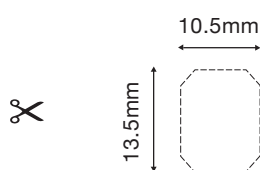

STEP 4 Measure your locket's shape to ensure the sizing is correct and matches dimensions shown.

STEP 5 Place the **right locket shape below** onto your printed image and trace the outline. Then cut around the outline.

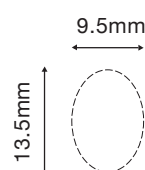

STEP 6 Recycle any paper you no longer need.

STEP 7 Add the image to the inside of your locket beneath the brackets, and voila, you've got yourself a one-of-a-kind locket.
