

# 4TH EDITION ERRATA & CLARIFICATIONS

## GENERAL

- Whenever a reference card and the actual card contradict one another, the actual card is correct.
- Status Effect cards are only reminders—always follow the text on the original card which created the status if there is any ambiguity.

## ANDRUS

- When Andrus regains Blades (Token), he regains them from his Discard Piles.

## CHERRI

- Crimson (Style) only gives +2 Power if you tried to initiate the clash and failed (due to a tiebreaker).

## CINDRA

- Rising (Style) priority is positive.

## DAJIIN

- Change My Past! (Extra) only picks up Styles and Bases from the Discard Piles (not tokens, markers, finishers or special cards).

## DAREIOS

- Zocean Zudd and Emeraldabier (Extra) stats and Reveal effect do not stack.
- Shuffling (Style) priority is positive.
- Slandering (Style) range is positive.

## GASPAR

- Gaspar should swap Dodge for Warp during setup, he is not intended to use both of these cards.
- Cascading (Style) only moves Gaspar's Clone, and works regardless of whether it is a Fighter or a Marker.

## JAGER

- Sign of the Wolf (Finisher) recovers only one Signature Move.

## KAJIA

- Insects (Counter) in Discard Piles count as being in depletion as well.

## RARITTI

- When playing XIII Death (Finisher), the card revealed should be the top card of your Deck (not any card from the Deck).

## TANIS

- When using the Recycle on her Unique Ability, if Tanis withdraws a puppet, she should always place one in the space she occupied when activating this effect, even if she couldn't move.

## THESSALA

- Trackers (Counter) on Traits are still considered to be in Thessala's supply.

## TRIAS

- When using Jetstream (Finisher) Trias can only trash Embellishments from his supply.

## VEKYL

- Spectral Assault and Transfix (Finisher) have tiebreaker.

## WELSIE

- Recursion (Counter) in Discard Piles count as being in Welsie's supply.
- Temporal does not grant Stun Immunity while in your Discard Piles. Recursion Counters cannot be placed on it while it is in your Discard Piles.

## WENDY

- Target C (Marker) begins in Wendy's supply.
