LANA BELL

Inspired by the feeling of familiar warmth and comfort of wearing a favourite knitted wool sweater on a cold winter night.

With the play on material, the sleeve adds presence to the lamp while remaining sheer and translucent to provide a sense of airiness to extract maximum illumination from the moon-like globe.

The layers are also dyed in contrasting horizontal stripes, taking its cue from the classic horizontal stripe motif found in vintage wool sweaters.

TAMPER

Our love for coffee inspired this pendant creation that brings both warmth and familiarity. Inspired by that brew of the Gods, our Tamper Pendant lends its shape from the coffee tamper. And much like the tamper that compresses ground coffee, our pendants are hand-laid in a custom mould in the same way.

Hand crafted from Glass Reinforced Concrete, Tamper is unadorned and finished with a timber finial and black trim.
