

FASTENERS + PLUS

OUR VISION

OUR GROWTH

At Fasteners Plus, we are achieving tremendous growth and success as a top supplier of fastener products. Our revenue in 2022 grew to \$15M, our annual growth rate is consistently 30% or higher, and we are adding 8,000+ products per year to our site. Our success is attributed to our expanding selection of competitively priced products, our dedicated team of experts, the speed we fulfill and ship orders, and our relationships with our vendors and customers. Our vision is to be the primary source for your fastener needs.

OUR FOOTPRINT

We have achieved remarkable progress in our expansion efforts, effectively doubling our capacity by adding a new 47,000 sq. ft. warehouse in Simpsonville, South Carolina, in addition to our existing 60,000 sq. ft. facility in Urbana, Iowa. This is only the beginning of our expansion initiative, as we are actively exploring additional warehouse space across the country. Our long-term plan includes extending our footprint into various regions, including the south, west, and northeast, to bring our products closer to our customers. By doing this, we will achieve faster delivery times and provide cost-effective solutions to our customers.
