Allround

Allround moves freely on all sides of the chair, and also around its own axis. Can be used as a support for either one arm or both arms.

Elbow Rest

Comfortable and steady support for the forearms on the sides and in front. This relaxes the shoulders by carrying the weight of the arms. Good for any precise work. Simple height and distance adjustment (15 cm, 5 cm).

Elbow Rest 3D

Specially designed for surgeons. It moves fluidly from side to side and back and forth. Suitable for working with moving forearms, in very-precise moves by wrists or fingers.

Elbow Table

A compact and versatile work station for office or home. Comes with elbow pads.

Ergorest

Movable forearm supports on the sides. Suits many types of work where arms need to move with very low resistance on a surface level. The comfortable support is 20 cm long. It moves 28 cm back and forth and 28 cm sideways.

Expert

Flat, fixed, and soft supporting pads can be locked 18 cm back or to the front and 10 cm sideways. Can be used by dentists, in surgeries, laboratories, etc. Easy access to the patient. The back support has a height adjustment of 10 cm overall.

ErgoElbo

Can be attached to any table to reduce tension in the shoulders, neck and the upper back. Upholstered with black or white artificial leather. Width 67 cm, depth 22.5 cm..

Stretching Support

Stretching Support is meant for momentary stretching only. A backrest isn't needed, because in a balanced position the spine supports the upper body and the muscles can remain relaxed.

Top & Bottom

Allows the sitting height to be controlled without touching the lever by hand. Height control can still be operated also by hand. Very useful in hygienic environments.

Foot Support

A perfect accessory for high workstations to support the feet. Recommended for temporary use only. Ø 460 mm.

Salli Driver

For travelling by car, train and airplane. Divided seat, back support. Attached together with velcro.

Salli Beanbag

Leftover pieces in real black leather. Volume 210 liters. Weight 8.2 kg (filled) / 3.5 kg (empty). Fabric with zipper on the bottom.
