

Humanscale is globally renowned for our industry-leading design, engineering and commitment to our climate positive pledge. Combining all, we are proud to introduce Path, the world's most sustainable task chair.

Path reinforces our design philosophy, in its simplicity of use, intuitive adaptation to every body, and encouragement of movement and healthy postures.

Each chair contains over 50% of recycled content and is climate, energy, and water positive. This means that with every Path chair, we all leave the world quantifiably better off.

Path is better for people and better for the environment.

Ready to Order: April 19th, 2022

Ready to Ship: May 16th, 2022

List Price: Starting at \$1,198 (Armless)

Sustainability Features

- Incorporates nearly 22 pounds of recycled material, including almost ten pounds of ocean plastic
- Free of Red List Chemicals, the “worst-in-class” materials, chemicals and elements that are hazardous to humans and our environment
- Certified Climate Positive by the International Living Future Institute

Inclusive Ergonomic Features

- Gravity Mechanism™ provides an ergonomically inclusive sitting experience by using the sitter's weight to counter recline. This results in the perfect balance regardless of the user's body type while ensuring proper pelvic and back support is maintained throughout the recline.
- Accommodates 95% of the office population, users 5'0" – 6'4" in height, 100lbs – 300lbs in weight
- Sculpted seat cushion matches the body's contour and reduce pressure points
- Easy to assemble out of the box in three simple steps
- Available in FormSense Eco Knit™ (a Humanscale exclusive), anti-microbial Lotus fabric, and chrome-free leathers
- 15 Year Warranty, 5 Year Single Shift (arm pads and textiles)

Path in FormSense Eco™ Knit, Storm
