

Ooh, la la! The future Mrs Middleton turns up the heat

THE Duchess of Cambridge's sister, Pippa Middleton, became known as 'Her Royal Hotness' thanks to her scene-stealing derriere when Kate married Prince William in 2011. Now, their future sister-in-law, Alizée Thevenet, 30, is enjoying her own moment in the sun.

The French finance expert, who is engaged to their brother, James (right with Alizée), was happy to be photographed by the entrepreneur during a walk when she wore only a £120 palm-patterned Pink House Mustique bikini and black Hunter wellies (left).

She and James, 33, were accompanied by his beloved dogs. James wrote online: 'When you think it's nearly autumn, but September throws you a heatwave.'
