Owner's Manual

White Diffuser DAP-1001 & Black Diffuser DAP-1002

AromaPlan's scent diffusers are powerful and easy to use. Our innovative technology converts the liquid perfume into dry vaporous microparticles, creating a practically invisible mist that drifts evenly throughout any space.

When using scented candles, most of the scent is immediately around the candle. Our diffusers are different from candles in that the space is evenly scented, regardless of where you are.

AromaPlan's diffusers give you ultimate control. You can program its working period and intervals, as well as when it will automatically turn on and off to perfectly scent your environment according to your daily needs, without ever wasting your favorite fragrance.

Covers up to **1.500 SQ FT**

NO FLAME

ECO-FRIENDLY

No water is required with our scents.

NO RESIDUE

PET-FRIENDLY

PLEASE READ ALL INSTRUCTIONS BEFORE ASSEMBLING AND USING THE DIFFUSER.

Cautions

(PLEASE READ ALL INSTRUCTIONS BEFORE ASSEMBLING AND USING THE DIFFUSER.)

Avoid casualties and property loss, please always follow the instructions as below.

WARNING

When using electrical appliances, basic precautions should always be followed to reduce the risk of fire, electric shock, property damage and injury to person, including the following:

INSTALLING

- Use appliance only as described in this manual. Any other use not recommended by the manufacturer may cause fire, electric shock, property damage, or injury to person.
- To avoid fire or shock hazards, plug the appliance directly into a safe electrical outlet. DO NOT plug in the cord with wet hands.
- Keep the cord out of heavy traffic areas.
- DO NOT operate any appliance with a damaged cord or plug, after the appliance malfunctions, or if it has been dropped or damaged in any manner.
- DO NOT use the diffuser in a high temperature or wet environment.
- DO NOT allow the mist outlets to face the wall directly. Install the diffuser in a ventilated and adequate space.
- NEVER place the diffuser in an area where it is accessible to children.
- DO NOT operate the diffuser without first turning off the unit. Failure to heed this warning may cause personal injury. NEVER tilt, move, or attempt to empty the unit while operating.
- DO NOT block the air outlet while the unit is running.
- Always place the diffuser on a firm, flat, level surface. NEVER place it on a rug or carpet, or on a finished floor that may be damaged by exposure to water or moisture.
- DO NOT use inflammable, explosive, corrosive, and other hazardous solvents with the diffuser. DO NOT spill water or corrosive liquid on the diffuser surface.
- Suggested average daily usage time should not exceed 14 hours.
- Shut down the unit in an extreme weather environment.

ATTENTION

This diffuser should only be used with fragrance oil without adding water. For a better performance of the perfume in the environment, we recommend using AROMAPLAN's scents only.
