Date of current revision: 01/05/2023

Product name: Glue Accelerator

## Section 1: Identification of the substance/mixture

<b>Product Name</b>	Glue Accelerator
<b>Recommended Use</b>	For applying to Eyelashes prior to eyelash adhesion (cosmetic use)
<b>Company Details</b>	LASH V ENTERPRISES PTY LTD
<b>Address</b>	4 Aspen Circuit Springvale, VIC 3171, Australia
<b>Telephone Number</b>	+61 439 371 341
<b>Emergency Telephone Number</b>	Australia Poison Information centre: Phone 13-11-26 New Zealand: National Poison Information centre. Phone 0800-764-766 Global Links to Poison Centres and Clinical Toxicologists all over the World: <a href="http://www.eapcct.org/index.php?page=links">http://www.eapcct.org/index.php?page=links</a>

## Section 2: Hazards Identification

### Classification of the Substance or Mixture:

#### AUSTRALIA CLASSIFICATION

This material is not hazardous according to criteria of Safe Work Australia - Hazardous Chemical Information System (HCIS)

#### Label Elements

<b>Pictogram</b>	Not applicable
<b>Signal Word</b>	Not applicable
<b>Hazard Classification</b>	Not applicable
<b>Hazard Statement(s)</b>	Not applicable

## Section 3: Composition/information on ingredients

Ingredients: Water (Aqua), Propylene Glycol, Leucine, Citric Acid, Retinyl Palmitate, Sodium Chloride, Potassium Lactate, Phytic Acid, Sorbic Acid.

Product name: Glue Accelerator

## Section 4: First Aid Measure

### Description of first aid measure

Inhalation:	Vapor may cause headache, Nausea and irritation of the nose, throat and lungs. If a reaction occurs, move victim into fresh air. If breathing is difficult, give oxygen. If not breathing, give artificial respiration and consult a physician immediately.
Skin Contact:	Slightly irritating to the skin. If a reaction occurs, wash the skin with water. Immediately consult a doctor if feeling uncomfortable.
Eye Contact:	May be irritating to the eyes. Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing and consult a doctor if feeling uncomfortable.
Ingestion:	May cause pain, nausea, and vomiting. If it is ingested, rinse the mouth with water. Immediately consult a doctor if feeling uncomfortable.

Seek medical advice or phone National Poison Information Centre Australia: Phone 13-11-26 (or) New Zealand: Phone 0800-764766

## Section 5: Fire-Fighting measures

Type of hazard	Not considered to be a fire hazard. Not easily ignited by fire.
Extinguishing media	Dry powder, Chemical foam, Carbon dioxide, water mist.
Firefighting procedures	As in any fire, wear approved self-contained breathing apparatus and full protective gear. Extinguish fire at a safe distance using satisfactory firefighting protection. Prevent fire extinguishing water from contaminating surface water or the ground water system.

## Section 6: Accidental Release Measures

Special precautions	Wear protective clothing.
Environmental precautions	Prevent entry to sewers and public waters, or other environmental mediums.
Methods and material for containment and cleaning up	Small Spill: Absorb with an inert material and place in appropriate waste disposal container.

# Safety Data Sheet

Page 3 of 5

Version no.: 2

Date of Previous Revision: 06/11/2019

Date of current revision: 01/05/2023

Product name: Glue Accelerator

Large Spill: Stop spill or leak at source. Absorb with an inert material and place in an appropriate waste disposal container.

## Section 7: Handling and Storage

**Precautions in handling and storage**

Normal workplace ventilation is appropriate.

**Storage:**

Keep containers tightly closed in a dry, cool, and well-ventilated place

**Handling**

Avoid contact with eyes. Wash thoroughly after handling.

## Section 8: Exposure Control/Personal Protection

### Control parameters

#### Individual Protection Measures (PPE):

Respiratory protection: No special protection is required under properly ventilated areas.

Eye Protection: Wear protective glasses when necessary.

Skin protection: Wear lab coat and protective gloves when necessary.

**Hygiene measures:**

Forbid smoking, eating, and drinking in the workplace. Wash hands after handling products.

## Section 9: Physical and Chemical Properties

Physical Appearance:	Liquid
Colour:	Clear
Boiling Point/Range:	100°C
Flash Point/Range:	>86°C
pH:	7-8
Water Solubility:	Soluble
Total Solid:	55
Explosive Limits (Vol. %):	N/A

## Section 10: Stability and Reactivity

**Stability**

Stable under recommended storage and handling conditions (See section 7).

**Materials to avoid**

Strong oxide, acid and alkali

Date of current revision: 01/05/2023

Product name: Glue Accelerator

---

<b>Conditions to avoid</b>	High temperature
<b>Hazardous decomposition products</b>	Thermal decomposition may yield acrylic monomer, carbon monoxide and carbon dioxide.

## Section 11: Toxicological Information

### Information on toxicological effects

<b>Acute toxicity</b>	No information found
<b>Skin corrosion/irritation</b>	Unlikely to cause skin irritation during short term exposure
<b>Serious eye damage/irritation</b>	Unlikely to cause eye irritation during short term exposure
<b>Respiratory or skin sensitisation</b>	No information found
<b>Germ cell mutagenicity</b>	No information found
<b>Carcinogenicity</b>	No information found
<b>Reproductive toxicity</b>	No information found
<b>STOT-single exposure</b>	No information found
<b>STOT-repeated exposure</b>	No information found
<b>Aspiration hazard</b>	No information found

## Section 12: Eco-toxicity Information

<b>Ecotoxicity</b>	No data available
<b>Persistence and degradability</b>	No data available
<b>Biodegradability</b>	No data available
<b>Other adverse effects</b>	According to the chemical composition, it does not contain heavy metals and substances classified as dangerous for the environment.

Date of Previous Revision: 06/11/2019

Date of current revision: 01/05/2023

Product name: Glue Accelerator

## Section 13: Disposal Considerations

### Disposal instructions:

**Applicable for industrial settings only:** Care must be taken to prevent environment contamination from the use of this material. Dispose of product in accordance with all local, state / provincial and federal regulations.

## Section 14: Transport Information

### Land transport ADG/ADR/RID/IMDG/ICAO/IATA

**Class**

Not Classified

## Section 15: Regulatory Information

### Regulations

This product has been classified in accordance with the HCIS (Hazardous Chemical Information System) criteria Safe Work Australia

AICIS

Product is a cosmetic product and regulated under the Australian Industrial Chemicals Introduction Scheme

## Section 16: Other Information

### Disclaimer:

The information continued herein is based on the manufacturers own study and the work of others, implied, as to the accuracy, completeness or adequacy of the information contained herein, and neither the provider nor the manufacturer are liable to any party for any damages of any nature, including direct, special or consequential damages arising out of or in connection with the accuracy, completeness, adequacy or furnishing of any information in the SDS, or in any other way related (directly or indirectly) to this SDS. The information and belief at the date of its publication. The information given is designed only as a guide for safe handling, use, processing, storage, transportation, disposal, and release and is not to be considered as a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other material or in any other process.
