Version no.: 2

Date of Previous Revision: 30/11/2022

Date of current revision: 15/12/2022

Product name: Next Gen Fast Glue

Section 1: Identification of the substance/mixture

Product Name	Next Gen Fast Glue
Recommended Use	Eyelash adhesive (cosmetic use)
Company Details	LASH V ENTERPRISES PTY LTD
Address	4 Aspen Circuit Springvale, VIC 3171, Australia
Telephone Number	+61 439 371 341
Emergency Telephone Number	Australia Poison Information centre: Phone 13-11-26 New Zealand: National Poison Information centre. Phone 0800-764-766 Global Links to Poison Centres and Clinical Toxicologists all over the World: http://www.eapcct.org/index.php?page=links

Section 2: Hazards Identification

Classification of the Substance or Mixture:

AUSTRALIA CLASSIFICATION

This material is hazardous according to criteria of Safe Work Australia - Hazardous Chemical Information System (HCIS)

Label Elements

Pictogram

GHS07 (Exclamation Mark)

Signal Word

Warning

Hazard Classification

Eye irritation – category 2
Skin irritation – category 2
Specific target organ toxicity (single exposure) – category 3

Hazard Statement(s)

H319 (Causes serious eye irritation)
H315 (Causes skin irritation)
H335 (May cause respiratory irritation)

Safety Data Sheet

Version no.: 2

Date of Previous Revision: 30/11/2022

Date of current revision: 15/12/2022

Product name: Next Gen Fast Glue

Precautionary statements P261 Avoid breathing dust/fume/gas/mist/vapours/spray. P280 Wear protective gloves/protective clothing/eye protection/face protection. P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P321 Specific treatment (see on this SDS).
P362 Take off contaminated clothing and wash before reuse. P304+P340 IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. P312 Call a POISON CENTER/doctor if you feel unwell.
P332+P313 If skin irritation / sensitisation occurs: Get medical advice/attention. P337+P313 If eye irritation persists: Get medical advice/attention. P403+P235 Store in a well-ventilated place. Keep cool. P402+P404 Store in a dry place. Store in a closed container. P501 Dispose of contents/container in accordance with local/regional/national/international regulations.

Additional information Cyanoacrylate. Danger. Bonds skin and eyes in seconds. Keep out of the reach of children.

Section 3: Composition/information on ingredients

Ingredient	CAS number	Weight %
Ethyl Cyanoacetate	7085-85-0	50-100%
Trimethylolpropane Triacrylate	15625-89-5	<0.9%
Hydroquinone	123-31-9	<0.1%
Carbon Black	1333-86-4	0.1-1%

Section 4: First Aid Measure

Description of first aid measure

Inhalation: May cause respiratory tract irritation. Remove individual to fresh air. Seek medical treatment in case of complaints.

Skin Contact: Rinse skin with soap and water. Seek medical advice if feeling uncomfortable

Eye Contact: May cause eye irritation. Rinse with plenty of water. If needed, consult a doctor.

Ingestion: May cause digestive tract disturbances. Rinse out mouth and then drink plenty of water. DO NOT give anything by mouth if the person is unconscious or is having convulsions. Immediately consult a doctor.

Seek medical advice or phone National Poison Information Centre Australia: Phone 13-11-26 (or) New Zealand: Phone 0800-764766

Section 5: Fire-Fighting measures

Type of hazard	Not a Flammable liquid.
Extinguishing media	In case of fire, use Carbon dioxide or sand. Not to be used: Water
Special procedures	As in any fire, wear self-contained breathing apparatus pressure-demand (MSHA/OSH approved or equivalent) and full protective gear.

Section 6: Accidental Release Measures

Special precautions	Wear protective clothing and ensure adequate ventilation.
Technical measures	Observe all applicable local, state and federal waste management regulations.
Environmental precautions	Prevent entry to sewers and public waters, or other environmental mediums.
Methods and material for containment and cleaning up	Allow to solidify. Pick up mechanically. Ensure adequate ventilation.

Section 7: Handling and Storage

Precautions in handling and storage	Good ventilation of workplace required.
Storage:	Keep container closed when not in use. Store in a cool, dry, well-ventilated area away from heat and direct sunlight. Keep containers tightly closed. Store protected from moisture.
Handling	Avoid contact with eyes, skin, and clothing. In case of insufficient ventilation, wear suitable respiratory equipment. Wash thoroughly after handling.

Section 8: Exposure Control/Personal Protection

Control parameters

Individual Protection Measures (PPE):

Safety Data Sheet

Page 4 of 6

Version no.: 2

Date of Previous Revision: 30/11/2022

Date of current revision: 15/12/2022

Product name: Next Gen Fast Glue

Respiratory protection:	In case of insufficient ventilation, wear suitable respiratory equipment.
Eye Protection:	Wear appropriate Protective eyeglasses or chemical safety goggles when eye contact due to splashing is possible.
Skin protection:	Wear protective gloves (Not suitable are gloves made of Rubber and PVC). Wear Protective work clothing.

Hygiene measures: Emergency eye wash fountains and safety showers should be available in the Immediate vicinity of any potential exposure.

Section 9: Physical and Chemical Properties

Physical State	Liquid
Colour	Black
Odour	Characteristic
Boiling Point:	N/A
Flash Point:	No Data Available
Auto-Ignition Temperature:	N/A
Water Solubility:	Polymerised
Explosive Limits:	Lower: N/A Higher: N/A
Vapour Pressure:	No Data Available
Density:	No Data Available

Section 10: Stability and Reactivity

Chemical stability and possibility of hazardous reactions Thermal decomposition / conditions to be avoided:
No decomposition if used according to specifications

Conditions to Avoid No further relevant information available

Possibility of hazardous reactions Exothermic polymerisation Reacts with alcohols. Reacts with alcohols, amines, aqueous acids and alkalis. Reacts with water and acids. Reacts with amines.
Reacts with water. Reacts with alkali (lyes).

Incompatible materials No further relevant information available

Hazardous decomposition products No dangerous decomposition products known

Safety Data Sheet

Version no.: 2

Date of Previous Revision: 30/11/2022

Date of current revision: 15/12/2022

Product name: Next Gen Fast Glue

Section 11: Toxicological Information

Information on toxicological effects

Acute toxicity Ethyl cyanoacrylate: LD50 Oral at >5000mg/Kg (CICAD (2001))
Ethyl cyanoacrylate: LD50 Dermal >2000mg/Kg (CICAD (2001))
Trimethylolpropane triacrylate: LD50 Oral >5000mg/Kg
Hydroquinone: Oral LD50: 593mg/kg (Acute)

Irritation Irritant to skin and mucous membranes
Irritating effect on eyes

Skin sensitization: Sensitisation possible through skin contact
May cause an allergic skin reaction

Section 12: Eco-toxicity Information

Aquatic and terrestrial ecotoxicity No data available

Persistence and degradability No data available

Bioaccumulative potential No data available

Mobility in soil No data available

Other adverse effects No data available

Use this product according to good working practices. Large quantities should not be discharged into waterways to prevent pollution of the waterways. Inform the competent authorities, should the product reach waterways or contaminate soil or vegetation.

Section 13: Disposal Considerations

Disposal instructions:

Applicable for industrial settings only: Care must be taken to prevent environment contamination from the use of this material. Dispose of product in accordance with all local, state / provincial and federal regulations.

Section 14: Transport Information

Proper Shipping Name Not Regulated

Safety Data Sheet

Version no.: 2

Date of Previous Revision: 30/11/2022

Date of current revision: 15/12/2022

Product name: Next Gen Fast Glue

UN no Not Regulated

H.I. nr Not Regulated

ADG / IMDG / IATA Not Regulated

Section 15: Regulatory Information

Regulations

This product has been classified in accordance with the HCIS (Hazardous Chemical Information System) criteria Safe Work Australia

AICIS This product is a cosmetic product and regulated under the Australian Industrial Chemicals Introduction Scheme

Section 16: Other Information

Disclaimer:

The information continued herein is based on the manufacturers own study and the work of others, implied, as to the accuracy, completeness or adequacy of the information contained herein, and neither the provider nor the manufacturer are liable to any party for any damages of any nature, including direct, special or consequential damages arising out of or in connection with the accuracy, completeness, adequacy or furnishing of any information in the SDS, or in any other way related (directly or indirectly) to this SDS. The information and belief at the date of its publication. The information given is designed only as a guide for safe handling, use, processing, storage, transportation, disposal, and release and is not to be considered as a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other material or in any other process.
