Infinity STX Directional LED

Redtronic's Infinity STX is an industry first quad-colour directional LED. The STX is available with either single, dual or quad colour high intensity flashing light.

The Infinity STX has 4 programmable outputs which are capable of pre-selecting multiple functions including colour, pattern and flashing or steady burn.

The STX features an automotive acrylic lens and black heatsink body along with airflow vents on the rear to manage heat transfer and eliminate condensation issues. The lamp is designed for the toughest environments and is IP69K water and dust protected, EMC R10, ECE R65 approved and comes as standard with 7 flash patterns including ICAO/CAP168 airport pattern. The Infinity STX has synchronisation capability with other Redtronic products, is manufactured in the UK and is endorsed with a 5-year warranty.

Part Number	Colour	Type	Voltage	Warranty
DIFX-005-BOC		Single without Downlight	11-32VDC	5 years
DIFX-005-AOC		Single without Downlight	11-32VDC	5 Years
DIFX-005-ROC		Single without Downlight	11-32VDC	5 years
DIFX-005-WOC		Single without Downlight	11-32VDC	5 Years
DIFX-005-GOC		Single without Downlight	11-32VDC	5 Years
DIFX-005-BROC		Dual without Downlight	11-32VDC	5 Years
DIFX-005-BWOC		Dual without Downlight	11-32VDC	5 Years
DIFX-005-BAOC		Dual without Downlight	11-32VDC	5 Years
DIFX-005-QOC		Quad without Downlight	11-32VDC	5 Years

The Infinity STX is also available with an optional inbuilt downlight. One of the main benefits of the optional integrated downlight for many applications reduces the requirement of requiring a scene or work light on the vehicle. Visit www.redtronic.co.uk to find out more - Infinity STX (with downlight).

Features and Benefits

- Single, dual and quad-colour colour models
- Ultra-bright latest generation LEDs and uniquely designed optic
- 4 user programmable outputs [colour, pattern and flash options]
- Hybrid material (including acrylic, polycarbonate and silicone)
- Aluminium heatsink to manage temperature
- Rear integrated airflow vents to eradicate condensation issues
- IP69K sealed (dust & water), EMC R10 and ECE R65 Class II
- Cruise and Gatso features (included as standard)
- Optional in-built downlight function for perimeter lighting
- 5 year warranty

7 Flash Patterns
