

TORNADO X DUO

Tornado-X Duo

Beacon and Speaker/Siren Combination

Redtronic's TornadoX Duo (TXD) is a combination beacon, siren & speaker system designed for temporary mount applications (primarily magnetic). Any vehicle can instantly become an emergency response vehicle whilst meeting all regulatory standards required for public road use. The TXD is also perfect for users not wanting to make permanent installations to their vehicle.

The TornadoX Duo incorporates the immensely popular low-profile Tornado B47 beacon (with a blue lens as standard) with 2x S20IS digital siren & speakers within a compact and robust enclosure.

As standard the TXD is supplied with a multifunctional cigarette plug. For users requiring enhanced functionality there is also a model which includes a inline LINX4 universal controller.

The TornadoX Duo is likely the most stringently tested product Redtronic offer, mainly due to the German KBA testing and approval which incorporates a brake test to ensure the magnets reliably remain in place in case of a collision or harsh braking. The decibel output of the sirens & speakers have also been tested to the highest KBA standard to optimise the system performance.

The user can programme the desired siren tone from 9 countries and 26 tone variants by following a programming sequence using the inbuilt programming port.

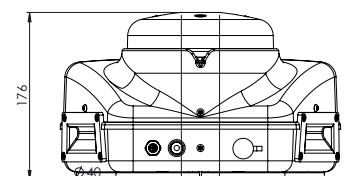

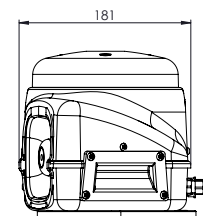

The TXD is designed for the toughest environments and is approved to EMC UNECE R10, UNECE R65, KBA, UTAC and comes with 7 standard flash patterns including ICAO/CAP168 airport pattern. The TornadoX Duo is manufactured in the UK and is endorsed with a 3 year warranty.

PART NUMBER	COLOUR	TYPE	VOLTAGE	WARRANTY
XT2M-047-BBLL1		LATCH-LATCH CIGARETTE PLUG	10-30V	3 YEARS
XT2M-047-BBLM1		LATCH-MOMENTARY CIGARETTE PLUG	10-30V	3 YEARS
XT2M-047-BBL41		LINX4 (3 TONES)	10-30V	3 YEARS

FEATURES AND BENEFITS

- Wide-angle FX Optic with Ultra-bright latest generation LED's
- UV stabilised polycarbonate lens
- Lens colours: Blue
- R65 Class II approved (Blue)
- EMC R10 compliant
- IP65 (main unit), IP69K (beacon), IP69K (speaker)
- Magnetic Mount
- 2x 20w Neodymium speaker
- 2x Inbuilt 20w digital siren
- 7 flash patterns
- KBA Brake Tested magnet mount
- CAP168/ICAO airport flash
- Night and day (dim mode)
- Light weight design
- Multi-function cigarette plug or LINX4 Universal controller options
- Voltage: 10-30VDC
- Synchronisation with other Redtronic products
- Warranty: 3 years
