

THAT'S HOW FIRE IS DONE TODAY.

Create the perfect atmosphere at home with Napoleon Premium Fire electric fireplaces, with a design to suit any room in every home.

Contemporary and versatile, the range of electric fireplaces are available in a variety of sizes, fittings and aesthetics across the Allure™, Allure™ Phantom, Stylus™, Steinfeld and Purview™ ranges.

The stimulating interplay of multi-colour flames in stylish frames provides a cosy ambience that can be enjoyed all year round. In the summer the flickering flames offer an enchanting, homely atmosphere which during cooler months, can be complemented by switching on the integrated heating function.

MAKE MORE OUT

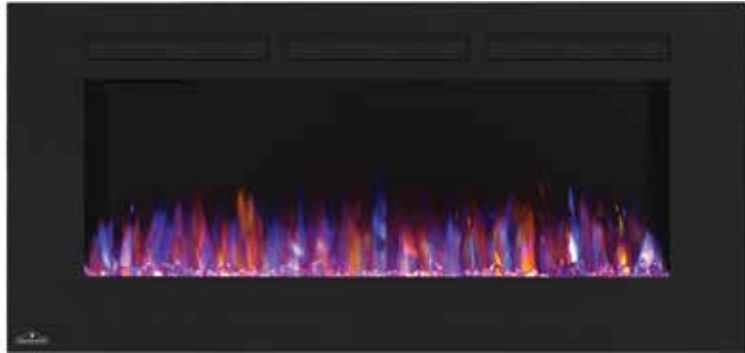

OF YOUR HOME

CONTEMPORARY

AND VERSATILE.

Magical effects of dancing flames for any interior. The Napoleon Premium Fire ALLURE™ Series will inspire you with an intense flame experience that is enhanced by the high-quality glass front. Depending on your mood, you can choose between a warm orange, a crisp blue or a multi-colour combination to give your room that personal touch. And with widths ranging from 81cm to 183cm, there is an ALLURE™ model to suit any sized room. With heat outputs of 950W or 2,000W, the ALLURE™ Series are among the most powerful electric fireplaces available, heating rooms up to 30m².

ALLURE

STRONG PERFORMANCE. IN EVERY

The flickering flames create an atmospheric ambience. With a Napoleon Premium Fire from the ALLURE™ PHANTOM series, you can enjoy unique living experiences. The matt black mesh front provides a reflection-free view of the interplay of flames in colours of warm orange, cool blue or a multi-colour combination and the clear crystal beads on the fireplace bed support these impressive flame patterns. The ALLURE™ PHANTOM series can even be placed directly opposite windows without compromising the aura. And with heat outputs of 950W or 2,000W, these Napoleon Premium Fire electric fireplaces are among the most powerful on the market, heating rooms up to 30m².

ALLURE PHANTOM

RESPECT.

OM

BEAUTIFULLY DESIGNED

ALL

WITH A NEW DIMENSION.

Experience extraordinarily powerful flames that extend even more than other electric fireplaces.

Narrow walls are emphasised by the Napoleon Premium Fire ALLURE™ VERTICAL series.

With this exceptional design, you will enhance your interior and enjoy a new dimension of fire.

With a width of 40cm and heights of 81cm or 96cm, the ALLURE™ VERTICAL fits perfectly into any room, even the smaller ones. Instantly and magically, it always draws the eye with its flickering play of fire in a warm orange, friendly yellow, crisp blue and multi-colour. In addition, the side accent lights provide you with further ambience through the beautiful shades of white, blue, green, red, yellow, purple or with an automatically rotating cycle.

ALLURE VERTICAL

PURE FLAME. PURE

Enjoy a pure flame view. The PURVIEW™ series of Napoleon Premium Fire certainly lives up to its name; the enlarged view of the impressive interplay of flames is a pure pleasure. This sleek and sophisticated fireplace has a large screen with a narrow border to allow the best view of the warm orange, subtle white or multicolour combination of flickering flames. The PURVIEW™ series with widths from 107cm to 254cm offers you this enchanting, homely atmosphere with a different size available for all sized rooms.

PURVIEW

DESIGN.

STYLISH LUXURY.

The STYLUS™ CARA Napoleon Premium Fire is a real eye-catcher that combines modern design with functionality. This beautiful fireplace comes in the styling of a furniture-like piece of room decor equipped with an ambient light and two USB charging ports.

With its relaxing aura of flames in warm orange, friendly yellow, cool blue or a multicolour combination, the STYLUS™ CARA will quickly become the centrepiece of the room.

STYLUS CARA

ELEGANT AND PRACTICAL. UNIQUE WITH

The STYLUS™ STEINFELD with a frame of brown walnut offers a combination of elegant design, innovative technology and precise functionality. It underlines a special style of living: the flames in a warm orange, friendly yellow, cooler blue or a multi-colour combination create an extraordinary ambiance and give the room a personal touch.

This model also offers a wonderful illuminated display space coupled with two USB charging ports.

STYLUS STEINFELD

FLAIR.

LD

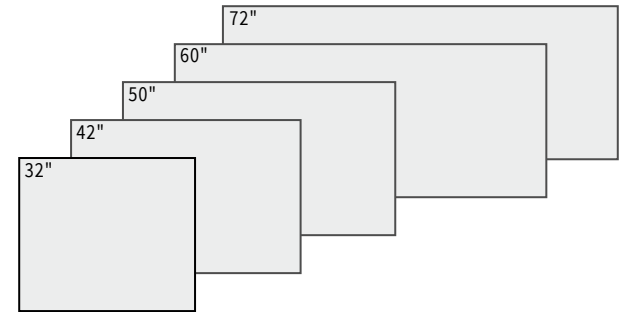

ALLURE™

Switch on, sit back and enjoy: ALLURE™ electric fireplaces will delight you with their fascinating flames which is further enhanced by the clear crystal beads on the bed of the fireplace. Experience the enjoyment of the flickering flames with or without the heating functionality.

DETAILED INFORMATION

- Two heat output settings: 950W or 2,000W. Heat rooms up to 30m², experience fire with or without heating.
- Flame colours: orange, blue and multi-colour
- Adjustable flame intensity and height, 5 settings available
- Thermostat control with ten settings from 18°C to 27°C
- Overheating protection and child safety lock
- 1.8m cable length. Cable cover system included
- Fan setting available without heating
- Timer switch with nine levels (30 minutes, 60 minutes, 2 to 8 hours per day)
- Connection through a grounded outlet or fixed power source (220 or 240V)
- Clear crystal beads included. Dark smoked crystals available as accessory
- High intensity LEDs with a long lifespan and low energy consumption
- Control via remote control or touch panel

For a direct view it is best to place the electric fireplace at eye level with enough free space (e.g. from the couch, living room chair or bed). It needs a clearance of at least 20cm at the top because of the heating function, and a few cm's clearance on all other sides. It can be wall hung or recessed.

Available in widths of 81, 107, 127, 152 and 183 cm. The electric fireplaces are all 55 cm in height and 12,7 cm deep.

Can be wall hung or recessed.

Flame colours: Multi-Colour, blue and orange

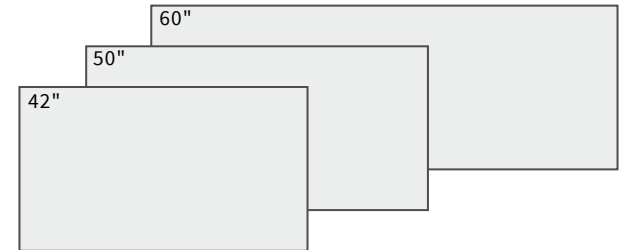

ALLURE™ PHANTOM

With the Napoleon Premium Fire electric fireplaces from the ALLURE™ PHANTOM series you will experience a stronger performance in flame pattern due to the non reflective mesh front which enables a better non-disruptive view. The ALLURE™ PHANTOM electric fireplaces conjure up atmospheric flame effects in your room with or without the heating power switched on.

DETAILED INFORMATION

- Matt black mesh front for reflection-free view
- Two heat output settings: 950W or 2,000W. Heat rooms up to 30m², experience fire with or without heating.
- Flame colours: orange, blue and multi-colour
- Adjustable flame intensity and height, 5 settings available
- Thermostat control with ten settings from 18°C to 27°C
- Overheating protection and child safety lock
- 1.8m cable length. Cable cover system included
- Fan setting available without heating
- Timer switch with nine levels (30 minutes, 60 minutes, 2 to 8 hours per day)
- Connection through a grounded outlet or fixed power source (220 or 240V)
- Clear crystal beads included. Dark smoked crystals available as accessory
- High intensity LEDs with a long lifespan and low energy consumption
- Control via remote control or touch panel

For a direct view it is best to place the electric fireplace at eye level with enough free space (e.g. from the couch, living room chair or bed). It needs a clearance of at least 20cm at the top because of the heating function, and a few cm's clearance on all other sides. It can be wall hung or recessed.

Available in widths of 107, 127 and 152cm.

The electric fireplaces are all 55 cm in height and 13,6 cm deep.

Can be wall hung or recessed.

Flame colours: Multi-Colour, blue and orange

ALLURE™ VERTICAL

The ALLURE™ VERTICAL series of Napoleon Premium Fire electric fireplaces offers a unique look: the vertical play of flames is an extraordinary experience. The design flames are particularly effective in small rooms, in the kitchen, in the entrance area and on narrow walls - with heights of 81 and 96 cm and a width of 40 cm, you have many possibilities to enjoy the extraordinary interplay of flames. This cosy atmospheric experience can be gained with or without the heating functionality engaged.

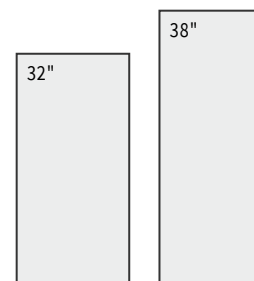

DETAILED INFORMATION

- Two heat output settings: 750W or 1,500W. Heat rooms up to 25 m², experience fire with and without heating.
- Flame colours: orange, yellow, blue and multi-colour
- Adjustable flame intensity and height, 5 settings available
- Adjustable flame speed
- Thermostat control with ten settings from 18°C to 27°C
- Overheating protection and child safety lock
- 1.8m cable length. Cable cover system included
- Fan setting available without heating
- Timer switch with nine levels (30 minutes, 60 minutes, 2 to 8 hours per day)
- Connection through a grounded outlet or fixed power source (220 or 240V)
- Lateral accent lights in white, blue, green, red, yellow, violet colours and automatic cycle
- Dark crystal beads included. Birch wood decoration (branches + clear crystal glow elements) and driftwood decoration (branches + river pebbles) available as accessory
- High intensity LEDs with a long lifespan and low energy consumption
- Control via remote control or touch panel

Convenient control via remote control or touch panel

For a direct view it is best to place the electric fireplace at eye level with enough free space (e.g. from the couch, living room chair or bed). It needs a clearance of at least 5cm at the top, and a few cm's clearance on all other sides. It can be wall hung or recessed.

Available in widths of 81 and 96 cm.

The electric fireplaces are both 40 cm in width and 14 cm deep

Flame colours: Multi-Colour, blue, yellow and orange

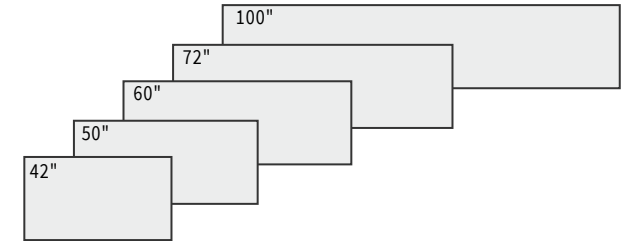

PURVIEW™

The PURVIEW™ series of Napoleon Premium Fire electric fireplaces lives up to its name: the enlarged view of the impressive interplay of flames is a pure pleasure. This sleek and sophisticated fireplace has a large screen with a narrow border to allow the best view of the warm orange, subtle white or multicolour combination of flickering flames.

DETAILED INFORMATION

- Particularly large flame surface due to narrow frame
- Two heat output settings: 750W or 1,500W. Heat rooms up to 25m², experience fire with or without heating.
- Flame colours: orange, white and multi-colour
- Adjustable flame intensity and height, 5 settings available
- Thermostat control with ten settings from 18°C to 27°C
- Overheating protection and child safety lock
- 1.8m cable length. Cable cover system included
- Fan setting available without heating
- Timer switch with nine levels (30 minutes, 60 minutes, 2 to 8 hours per day)
- Connection through a grounded outlet or fixed power source (220 or 240V)
- Clear crystal beads included. Dark smoked crystals and driftwood decoration (branches + river pebbles) can be ordered as additional accessories
- High intensity LEDs with a long lifespan and low energy consumption
- Control via remote control or touch panel

For a direct view it is best to place the electric fireplace at eye level with enough free space (e.g. from the couch, living room chair or bed). It needs a clearance of at least 20cm at the top because of the heating function, and a few cm's clearance on all other sides. It can be wall hung or recessed.

Available in widths of 107, 127, 152, 183 and 254cm. The electric fireplaces are all 55 cm in height and 14cm deep.

Can be wall hung or recessed.

Flame colours: Multi-Colour, white and orange

- Underlighting with four brightness settings and six colour settings and cycles
- Ambient light with two colour and four brightness settings
- High intensity LEDs with a long lifespan and low energy consumption
- Control via remote control or touch panel
- Fade-out mode for slow extinguishing of the flames
- Two USB-ports with charge indicators

For a direct view best to install the electric fireplace at eye level with enough free space (for example, from the couch, living room chair or bed). It needs a clearance of a few centimeters at the top because of the heating function, and a few cm's clearance on all other sides. The STYLUS™ is a wall hung fireplace (not recessed).

Dimensions (W x H x D): 150,1 cm x 51,5 cm x 28 cm

Flame colours: Multi-Colour, blue, yellow and orange
