WOCA SPOT REMOVER INSTRUCTIONS

WOCA Spot Remover effectively dissolves grease, blood, coffee, tea etc. It may be used on all unfinished, oiled or waxed interior surfaces. Spot Remover is for indoor use to remove spots and stains from oiled wood surfaces.

Work Instructions:

1. Before using Spot Remover, do a small test in a non-visible area of the floor to ensure that there is no undesired reaction.
2. Spray Spot Remover evenly on the spot or stain directly from the bottle.
3. Leave the Spot Remover to dissolve the stain for 10-20 minutes.
4. Scrub or wipe until the stain has been dissolved.
5. Wipe with cloth wrung in lukewarm water.
6. Repeat operation if necessary.
7. When the cleaned spot is completely dry, re-apply the original surface finish, e.g. oil or soap to re-establish the protection of the surface.

Tip: To keep the repair spot wet after spraying Spot Remover, cover the area with plastic or aluminum foil.
