

Replacing the WOCA Blue/Silver Mop Head

1. Locate the black release pin. Push button on pin to release it.

2. Slide the black attachment off the mop pole.

3. Slide the entire mop head with white plastic entirely off the mop pole

4. Slide old cotton yarn head off the plastic attachment.

5. Attach **new** mop head to white plastic mop attachment and pull zip tie to secure mop head to the white plastic attachment. Trim excess zip tie thread with scissors.

6. Feed mop pole through white plastic attachment.

7. Connect mop pole to black attachment and line up holes to insert black release pin.

8. Insert black pin to secure mop head and happy mopping!
