- For rejuvenating and protecting exterior garden furniture
- An ecologically friendly product

## Product info

Container: 750 ml.

## Application area

WOCA Multi Protector is a product developed for rejuvenating and protecting exterior garden furniture made of poly rattan, wood, steel, plastic etc. It is also suitable for universal maintenance of other exterior items such as window frames, claddings etc.

## Result

WOCA Multi Protector is an ecologically friendly product offering a high degree of weather protection and is water repellent. It gives an excellent protection against dirt and grease. WOCA Multi Protector is very easy to use directly from a spray bottle.

## Application

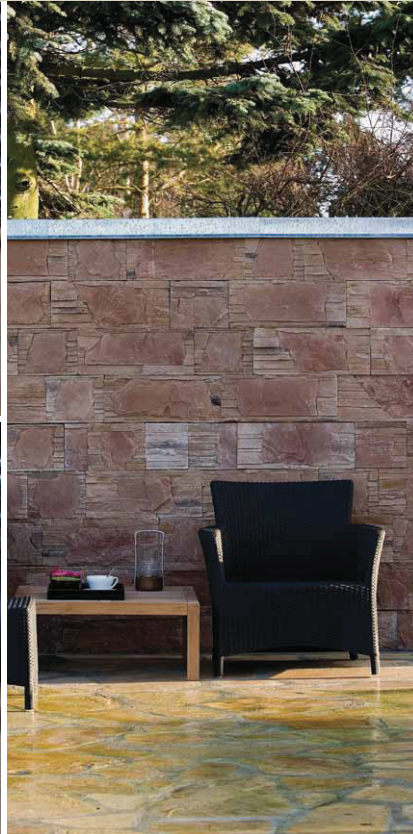

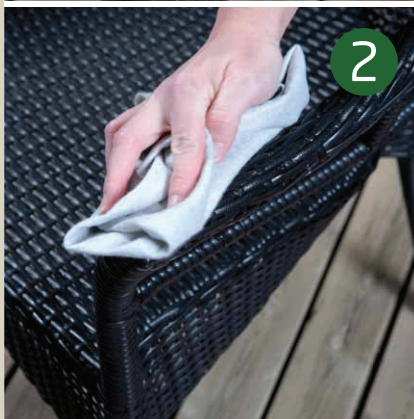

Before treating the surface with Multi Protector always clean first with Multi Cleaner. The surface must be clean and dry before applying Multi Protector. Spray Multi Protector onto the item in a thin uniform layer until the surface feels saturated. Then wipe the surface gently with a cotton cloth to remove possible excess material. The Multi Protector is completely dry in 1-2 days.

## After care

Not required.
