Nature in a bottle

# Our story

Clarity Blend is an award-winning aromatherapy and wellness brand founded by clinical aromatherapist Veronika and her husband Dimitar. Our aromatic blends are handmade in our Wokingham, Berkshire workshop.

Our mission is to make aromatherapy more accessible so that everyone can enjoy its benefits. We make vibrant blends to help you clear your mind, boost your energy or uplift your mood.

The power of aromatherapy is a wonderful thing. We're passionate about sharing its benefits so you can enjoy a more balanced, positive and healthier lifestyle.

We like to call it 'nature in a bottle'.
