

PLANNING GUIDE

ABOUT DELCO

In Stock, Non-Proprietary, Proven & Competitive

Delco Elevator Products Ltd. has always been a family owned and operated business and is proud to have been helping our customers with elevator components for over 45 years.

With a head office and warehouse in Vancouver, BC, Canada, and a warehouse in Seattle, WA, USA, Delco is strategically located to source, stock and ship elevator products to customers in Canada, the Caribbean and the US.

From popular components, including roller guides, shackles, Oleo oil buffers, governors and door edges to a range of elevator parts, the company's comprehensive product selection is one of the reasons that customers have been returning to Delco for decades.

Another reason is that we are very good at ensuring that the right items arrive at the right time to elevator contractors across North America.

Delco's dedicated, experienced and enthusiastic team works diligently to provide exceptional service in the following key areas:

- **In Stock:** We keep our components stocked to make sure that customers receive what they need, when they need it.
- **Non-Proprietary:** Delco's products are universal – perfect for modernizations.
- **Proven Products:** Delco manufactures and distributes products that are tried, tested and proven in the field.
- **Compliant:** Delco products and equipment meet all elevator industry compliance and certification standards.
- **Value for Money:** In a highly competitive marketplace, Delco provides the best quality elevator equipment at the lowest possible prices.
- **Personal, Knowledgeable Staff and Service:** Always on hand to assist you with your unique requirements!

HOW TO ORDER

Delco services elevator contractors and OEMs in Canada, the Caribbean and the US, including Puerto Rico and Hawaii.

PROJECTS:

MRL

📍 Florida, USA

Brouss Elevator

Project Details:

- 5 Story
- 5 Stops
- 5,000 LBS MRL in a furniture store
- 4'-6" x 9' opening
- 10' Cab

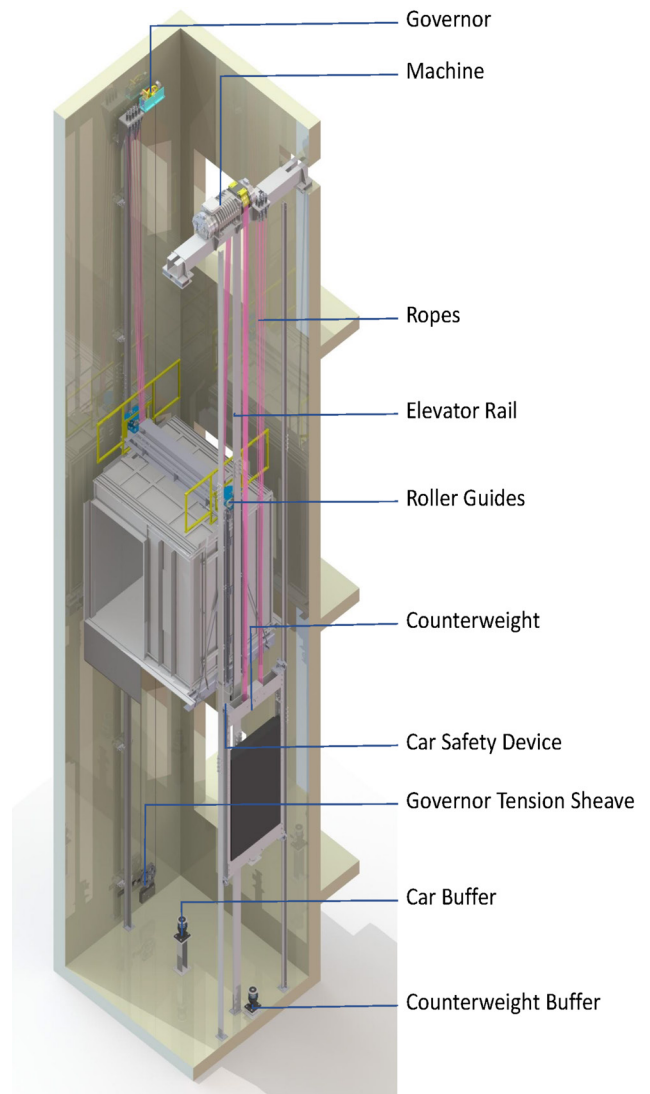

Delco's PM Comment:

Delco worked with Brouss Elevator to deliver a complete MRL package including cab, machine, guide rails, structure, entrance doors and all hoistway components. The project was delivered on time. Brouss Elevator completed the installation without incident and met all requirements and expectations of their customer.

-Alberto Jasso, Regional Market Development Manager

	Rail Bracket - CAR/CWT
	Guide Rail w Fish Plate & Hardware - CAR/CWT
2	Machine Sub System
	Traction Machine
	Machine Support and Hitch
3	Structure and Suspension Sub System
	Sling, Platform, Isolation and Rail Lock
	Frame - CAR/CWT
	Sheave - CAR/CWT
	Wire Rope - Hoist
	Wedge Sockets
	Compensation Rope
	Compensation Anti Sway Device
4	Door and Entrance Sub System
	Door Operator
	Landing Header Assembly
	Entrance, Incl. Car and Landing Sill.
5	Hoistway Component Sub System
	Governor
	Governor Tension Sheave
	Governor Rope
	Safety Gear with Retainer
	Oil Buffer - CAR/CWT
	Roller Guides with Brackets - CAR/CWT
	Pit Ladder
6	Cab Sub System
	Top Rail
	Car Door
	Interior (laminates, floor, ceiling)

Features:

- Rail-mounted or beam-mounted layout
- Pancake or sausage style machine
- Max. Rise = 260'
- Cab height up to 10'
- Available for seismic zones
- Wide Selection of cab interior finishes
