Serving Christmas In Style

Christmas is a time for gathering with loved ones and great food. Whether it's with your close family or your best friends it is so important to host well and in style. Charcuterie is one of the most beautiful serving styles.

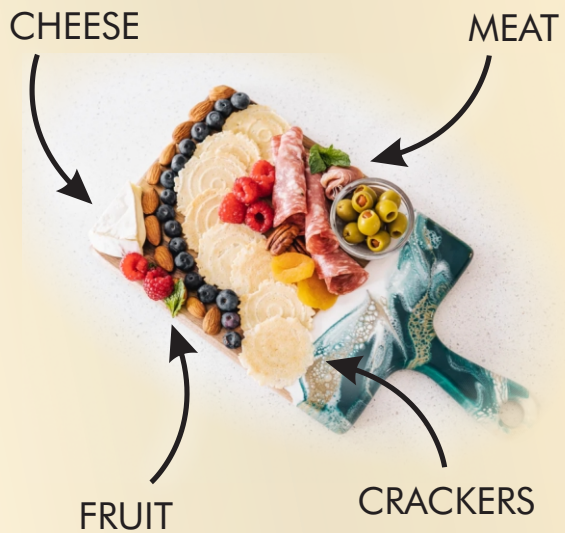

Take your favorite cheese boards and serving trays and fill them with the best holiday treats. Lay out a spread of what you love most during the holidays and do it in style.

Is charcuterie only for cheese, meat, and crackers? Definitely not. You can do chocolates, cookies, nuts, or even veggies. Whatever diet or taste you have this holiday you can serve in style with charcuterie!

Guide to CHARCUTERIE

- Start by placing your cheese.
- Then lay out meat and containers.
- Lay out your crackers in groups.
- Finally fill in the gaps with fruit and nuts.
