PRODUCT INFORMATION

# Lubricants

## Silicone Spray Lube

### FEATURES & BENEFITS

Silicone Spray Lube is excellent for treating and maintaining rubber door mouldings. Use to beautify and protect rubber and plastic bumpers. Can also be used to eliminate squeaks. Also acts as a waterproofing agent. Automotive, home, marine and shop uses.

### DIRECTIONS FOR USE

Shake can well before using. Hold can 15 - 20 cm from surface. Spray the surface, holding can upright while spraying and wipe away any excess. A light spray is sufficient for most applications. For hard to reach areas, use the attached extension tube.

### PRECAUTIONS

REFER TO SAFETY DATA SHEET FOR PRECAUTIONS IN HANDLING.

### AVAILABLE PACKAGE SIZES

TNDS8004 320g aerosol

Deterioration of exterior rubber moldings due to age and weathering can cause restricted window and door movement. Old rubber molding is more likely to stick to doors, especially in winter.

A vehicle's aesthetic value will be decreased by old rubber moldings.
