

Who We Are

We believe that there are better alternatives to the typical chemical products we've grown up with. At EcoStrong PRO®, we manufacture premium products that prove natural can mean superior. Based in Chicago, IL, we are a woman-owned and family-operated business. Our products are powerful and effective at eliminating odors, gunk, and pests. Our goal is to help you enjoy your space again without the use of harsh chemicals.

Wholesale Program

We offer significant wholesale discounts to businesses when purchasing in full case quantities. These reduced prices include the cost of shipping within the US. This makes it easy to manage costs and inventory levels. Further discounts and privately labeled products can be offered to wholesalers when purchasing by the pallet.

EcoStrong PRO

Our approach to how we make and market our products has helped us quickly build consumer demand for EcoStrong over the last few years. Throughout this time, businesses have begun using our highly effective products in their day-to-day operations. EcoStrong PRO offers the same great products in sizes and packaging specifically tailored to different industries.

Our Values

 Make a positive impact on the natural world	 Create products that solve real-world problems

Garbage dumpsters stink, especially on a hot day! There is nothing worse than smelling the sickly odor of trash while on the patio or walking into a restaurant. With Trash and Dumpster Odor Eliminator, you and your customers will never smell dumpster odors again. Spray it onto and around garbage bins to erase foul garbage odors. The bio-enzymatic formula breaks down the fats, oils, greases and other smelly organic compounds from garbage leaving a light lemon eucalyptus scent. It will also help keep slippery grease build up around the dumpsters under control leaving a safer area for everyone.

Eliminate Drain & Fruit Flies

- Eliminates Drain Scum & Sugar Snakes
- NO More Embarrassing Flies
- NO Harsh Chemicals

THE BEST WAY TO GET RID OF ALL TYPES OF FLIES THAT LIVE AND BREED IN DRAINS AND GARBAGE DISPOSALS.

It's impossible for your guests to enjoy a meal while flies buzz around their head. Unfortunately bars and restaurants make great homes for drain and fruit flies. Fly traps do not address the root of the problem and it is a bad idea to keep toxic insecticides around food and drinks. EcoStrong PRO's Drain and Fruit Fly Eliminator is a unique solution to this annoying problem. It works by naturally eliminating the drain scum in pipes that fly's lay their eggs in. Use in soda fountain drains to eliminate sugar snakes.

EcoStrong PRO's Drain and Fruit Fly Eliminator is unlike other drain fly products. Most are a mixture of soap, water and thickener with citronella. Our bio-enzymatic formula ATTACKS and eats organic waste it contacts. Not only are flies gone, so are drain odors and the active biology keeps pipes clean and running freely.

**Available in Multiple Sizes:
32oz, 1 GALLON, & 2 GALLONS**

Drain & Fruit Flies

Drain & Disposal Odors

Waste & Grease Build-up

Maintain A Healthy Grease Trap

- Avoid Unexpected Back-ups
- Prevent Fines and Shutdowns!
- Reduce Trap Odors

NOTHING BRINGS A KITCHEN TO A SCREECHING HALT FASTER THAN A CLOGGED DRAIN OR GREASE TRAP.

Allowing grease build-up in pipes and grease traps invites excessive plumbing costs, local FOG (fats, oils & grease) program fines, plumbing backups, unpleasant odors, EPA wastewater fines, drain flies, and more.

Don't let a smelly or clogged grease trap ruin the smooth operation of your restaurant.

LIQUID SOLUTIONS

Our liquid grease trap solutions have the added benefit of keeping pipes upstream clear and free flowing. Dose daily or connect to an automatic pump to reduce grease build up and odors.
