# Dog Stain & Odor Eliminator

Challenge		Solution
<b>Dog Odor</b>	Our dog is getting older and has the occasional smelly accidents in the house.	The light citrus scent instantly eliminates odors while the beneficial enzymes break down the odor causing proteins.
<b>Dog Stains</b>	Our puppy isn't housebroken yet and our carpets are paying the price.	<b>Eco Strong Dog Stain &amp; Odor Eliminator's</b> all-natural formula uses the best bio-surfactants to lift the stain while beneficial enzyme producing bacteria consumes the source.
<b>Harsh Chemicals</b>	I'm concerned about about unsafe chemical deodorizer in areas where my dog spends a lot of time.	<b>Eco Strong Dog Stain &amp; Odor Eliminator</b> is an all-natural, pet safe, chemical free, proven product that is trusted by pet owners and professionals.

**Directions**  
Shake before using. Always test for color fastness by applying in a hidden area first. Rub with a clean white cloth, look to see if any color has come off.

**New Stains & Odors:**  
Step 1: Before treating remove as much of the urine or stain as possible. Apply a small amount of warm water directly onto the area, then absorb with paper towel. Step 2: Apply Eco Strong directly to the areas & let stand for 5 – 10 mins. Step 3: Blot dry, absorbing as much of the residue as possible and leave to air dry. Tip: To use less product repeat Step 1.

**Old Stains or Deep Odors:**  
Apply enough warm water to treatment area to penetrate surface.

The warm water fully activates the product. Step 2: Apply enough Eco Strong to the area, ensuring the product contacts the stain. Scrub surface if needed. Let stand at least an hour, older stains / deep odors may require longer or multiple treatments. Step 3: Thoroughly absorb/remove residue with absorbent towels or a wet-dry vac. Allow the are to completely dry, then vacuum. Tip: Remove cushion covers before treating. Can be used in-home carpet cleaners.

**Laundry Pre-wash**  
Use 1/4-1/2 cup in the prewash cycle or add directly to the wash cycle. For heavily soiled item or old odors, pre-treat & let stand for 5-10 minutes before washing. Will remove pet urine odors & stains from bedding, clothes and all pet laundry leaving it smelling fresh clean. Always wash in warm water. Do NOT use bleach.

Testimonials		
“This stuff saved my dog’s bed, one wash and it smells great. Believe me, I’ve tried lots of these products and they don’t work very well. Glad I tried this Eco Strong because this stuff really is fantastic.” - Eric	“My daughters dog lifted his leg on my white curtains. I was shocked how well Eco Strong worked. Sprayed it on, a little warm water, waited a bit, then just simply patted it dry. Stain was completely gone, not even an out line left.” - Susan	“With 3 dogs 1 puppy and 1 old I have used quite a few different products. This product worked on removing the odor and stain better than all the other products I have seen over the years. I also tried it on an old coffee stain in the carpet and it removed it almost instantly. They even felt softer. Thank you for such a great product!” - Dan
