- Tile & Grout
- Carpets & Rugs

Features

- Orange Oils & Bio-Enzymes
- Super Concentrated
- Natural Odor Counteractants

Benefits

- Deep Clean with less effort
- Using less while saving more
- Long Lasting Odor Elimination

EcoStrong We believe that there are better alternatives to the typical chemical products we've grown up with. At EcoStrong®, our philosophy is simple: design products that will outperform the competition, never cut corners, and never damage the environment in the process of achieving our goals.

We understand the needs of our products—they must do the job they are designed for. EcoStrong is putting biology to work on things to solve problems that used to just get covered up, sterilize or rinse away. While you can throw all kinds of things at the problem, we have natural and sustainable. Something we can all feel good about.

EcoStrong's Kennel Cleaner & Odor Eliminator is paws down the best way to keep kennels, dog runs, floors, and outdoor surfaces looking clean and odor free. This concentrated multi surface, multi-purpose product eliminates the need to buy many different cleaners. **EcoStrong's Kennel Cleaner & Odor Eliminator** is your go-to product for ALL your cleaning needs. **This product is NOT a disinfectant.**

EcoStrong's Kennel Cleaner & Odor Eliminator is the new gold standard combining orange oils, natural detergents, odor counteractants, non-pathogenic bacteria, and enzymes. The result is a superior product leaving surfaces cleaner and odor-free for longer than the leading competitor. The unique dual-action odor elimination technology bonds with the malodor molecules and locks them in place. Then, billions of beneficial bacteria consume all the proteins responsible for the foul odor. Dirt, grime, gunk, and odors are gone after the first use. The light orange scent is refreshing and natural offering instant odor relief and unparalleled rapid cleaning. EcoStrong's Kennel Cleaner & Odor Eliminator give you the ability to keep all areas of your kennel clean without the hassle of using harsh chemicals

Directions: Shake vigorously before use. Always test the area for color fastness by applying a small amount in a hidden area, rub with a clean white cloth, and check to see if the color has come off. **Remove pets from the area to be treated. Before treating always remove as much urine or stain as possible. Let dry before letting pets back into the area.**

Laundry:
1/4 - 1/2 cup in prewash cycle or add directly to wash cycle. For heavily soiled items, pre-treat & let stand for 5-10 minutes. Always wash in warm water and never add bleach.

Hard Surface Cleaning:
Step 1: Spray liberally on the Surface.
Step 2: Lightly over-spray with warm water (optional)
Step 3: Scrub, let stand for 3 to 5 minutes, rinse.

Outdoor Cleaning and Odor Removal:
For best results apply in the evening. Avoid applying in direct sunlight. Sunlight will dry the applied area quickly and for best results we want the treated area to stay wet for as long as possible. Dilute 5 ounces per gallon. If using our sprayer set the dilution wheel to "0" (15:1).
Step 1: Remove all organic waste. Over spraying stool will not be effective.
Step 2: Thoroughly saturate the area with diluted product.

Soft Surface Cleaning:
Step 1: Apply a small amount of very warm water directly to the treatment area.
Step 2: Apply EcoStrong directly to the area, massage into the stain with a cloth, and let stand for 20 to 30 minutes.
Step 3: Blot dry with a clean cloth, absorbing as much residue as possible.

Dilution Ratios:	
Light cleaning	2oz per gallon
Medium cleaning	4 oz per gallon
Heavy and rapid cleaning	6oz per gallon

- ✔ Ultimate Cleaning Powder
- ✔ Orange Oils & Bio-Enzymes
- ✔ Long-lasting Odor Elimination
