

EcoStrong®

Marine Tank Treatment

Where to Use

Black & Gray Water Holding Tanks

Features

- Liquid Concentrate
- Contains Live Bacteria with Specialized Enzymes
- All Natural With Fragrance

Benefits

- Faster Odor Elimination
- Superior Waste Digestion
- Fresh Lavander Fragrance

Eco Strong is a family owned and operated business based in Illinois. We are recognized as a leading Brand manufacturing high performance all natural, bio-enzymatic cleaning and odor elimination. We have solutions for: Pets, RV's, Septic Systems, Wastewater, Pond and Marine.

The sun on your face, the wind in your hair and... the foul smell of a boat's head in your nose. Nothing ruins a day on the water quite like the foul smell from the head.

Eco Strong's Marine Tank Treatment uses all-natural enzyme producing bacteria to break down and eliminate foul odors saving your tank and nose! Our unique formulation instantly bonds with the malodor molecules and locks them in place. Simultaneously, billions, of our enzyme producing bacteria begin to consume the proteins responsible for the foul odors, eliminating them for good.

Additionally, our six strains of all-natural enzyme producing bacteria, combined with additional specialized enzymes, breaks down and reduces waste, fats, oils, and greases along with paper and hair. This helps keep plumbing line clear and free flowing.

Effective, fast, and simple to use, **Eco Strong's Marine Tank Treatment** is a must for every boat owner.

Eco Strong's Marine Tank Treatment is offered in our private label program. Larger container sizes are available upon request, (55 gallon drums & totes).

WOW!

This really works.

3rd product to try. I felt I was getting methane poisoning using the first two. So glad I ordered this to try. I look forward to flushing now.

Thank you Eco Strong.

Marine Toilet Treatment is a fast acting concentrated bio enzymatic formulation. Liquid tank treatments are faster than powders and disperse more evenly throughout the tank giving unmatched odor suppression. Billions of beneficial enzyme producing bacteria combined with additional specialized enzymes break down and eat waste, fats oils and greases, along with toilet paper and hair! Suitable for both gray and black water tanks.

Directions for use: **Shake vigorously before using.** The use of boiling water, bleach, anti bacterial, or other chemicals will **negatively** impact performance.

Twin neck bottle Instructions: Loosen the cap from the dispensing chamber, and gently squeeze the bottle to fill the measuring chamber with the required amount of liquid. Next remove the cap from the dispensing chamber and pour the measured fluid from the chamber.

Dose After Holding Tank Pump Out.
Double the Dose in Temperatures over 85 Degrees

Black Water Tanks: Pour 1 ounce per 40 gallons of tank capacity into toilet. Fill toilet and flush

Grey Water Tanks: Pour 1 ounce per 40 gallons of tank capacity into drain and run ample water.

Ingredients: Water, bio-surfactants, micro-nutrients, enzyme producing bacteria, wide variety of specialized enzymes, odor counteract, lavender scent, non staining blue dye.

Warning: Keep out of reach of children. Do not ingest. Wash hands thoroughly after each use. Keep out of eyes and/or open sores. May cause eye irritation. If irritation occurs rinse eyes thoroughly with water for several minutes. If irritation persists, seek medical attention.
Storage: Do not freeze.
