EcoStrong We believe that there are better alternatives to the typical chemical products we've grown up with. At EcoStrong®, our philosophy is simple: design products that will outperform the competition, never cut corners, and never damage the environment in the process of achieving our goals.

We understand the needs of our products—they must do the job they are designed for. EcoStrong is putting biology to work on things to solve problems that used to just get covered up, sterilize or rinse away. While you can throw all kinds of things at the problem, we have natural and sustainable. Something we can all feel good about.

Whether it be our furry friends or even some unwelcome ones, we all end up sharing the same outdoor space. Fortunately those lingering odors don't need to be part of the party anymore!

EcoStrong's Outdoor Odor Eliminator sets a new standard in natural odor control.

Did your pet, the neighbor's pet or the local wild animal leave you a surprise outside? The smell lets you know immediately. **EcoStrong's Outdoor Odor Eliminator**, with Lemon Eucalyptus fragrance, eliminates odors caused by; stool, urine, vomit, skunk, garbage odors and more will be permanently eliminated. Our unique dual action odor elimination technology firstly bonds with the malodor molecules and locks them in place. Then billions of our all natural bacteria consume all the proteins responsible for the foul odors.

This product does not contain any harmful enzymes. Will not irritate your pets paws.

EcoStrong's Outdoor Odor Eliminator is offered in our private label program. Larger container sizes are available upon request, (55 gallon drums & totes).

I rarely take the time to review products, but had to on this one. My back yard is all turf and I own a pet sitting business. I haven't found anything that deodorizes and cleans like this stuff. As soon as I ordered it, I put it on auto ship... I went out last night and my yard smelled AMAZING and it was actually CLEAN.

Worked perfectly - simple, quick and effective. A hideously strong odor that previously permeated side lawn from neighbors dogs urinating for years, now completely gone. Currently just a week after first/single treatment but so far so good!

My two puppies basically live in the yard. It is impossible to get them to stop peeing on the patio every now and again tho. This stuff works super well at intantly diminishing the order and keeping it gone.

We have tried everything, and I mean everything to get rid of dog urine smell from our turf. Simple green, vinegar, soak method, stuff from the farm supply. This is hands down, THE BEST. The initial scent is one of dryer sheets and essential oils (my husband thought it smelled like laundry lol) but when the scent dries ABSOLUTELY NO SCENT is left, not of urine or otherwise. With 3 dogs and in the hot Arizona sun, if it worked for us, it will work for you!!!!
