

RV TRAVEL DOG

Where to Use

- RV
- Boats
- Home
- Hotels

Features

- Leak proof
- Active biology
- Reusable

Benefits

- Less clean up
- Odor free
- Less laundry

EcoStrong We believe that there are better alternatives to the typical chemical products we've grown up with. At EcoStrong®, our philosophy is simple: design products that will outperform the competition, never cut corners, and never damage the environment in the process of achieving our goals.

We understand the needs of our products—they must do the job they are designed for. EcoStrong is putting biology to work on things to solve problems that used to just get covered up, sterilize or rinse away. While you can throw all kinds of things at the problem, we have natural and sustainable. Something we can all feel good about.

We love to bring our pets with us RVing but taking our best friends on a road/camping trip limits potty opportunities. Road trips also disrupt our pet's routine leading to more accidents and more bathroom breaks along the way.

You could use conventional piddle pads but they need constant changing and start to smell within hours after use. Who wants to travel with smelly dirty pad laundry or trash bags full of smelly disposable pads?

EcoStrong's RV Travel Dog is a unique reusable system. Our pads smell fresh up to 6 times longer than conventional piddle pads. Portable Pet Potty uses a leak proof, breathable fabric that comes pre-charged with billions of odor eating all natural microbes, (patent pending). These fast acting microbes start the moment your pet goes while the breathable fabric enables the remaining liquid to evaporate quickly resulting in a longer lasting, odorless potty solution.

Contained in each package are two 24x36 pre charged pads along with 32 ounces of concentrated biologic **RV Travel Dog Recharge liquid**. When the pad does finally start to smell, machine wash it, hang dry and apply the recharge liquid onto a freshly washed pad. Vacation longer, no matter where you are, odor free with **Ecostrong's RV Travel Dog**.

Size: 24" x 36" [Set of 2] | **Verified Purchase**

I bought these for traveling. In our RV I have to take several pads and rinse them out daily or they would smell. These pads are awesome. No odor and one pad will last several days before changing. I now use them at home and it saves me doing laundry everyday. The solution lasts quite awhile. Get this. You won't regret it.
