

EcoStrong® Holding Tank Treatment

Where to Use

Black & Gray Water Holding Tanks

Features

- Liquid Concentrate
- Contains Live Bacteria with Specialized Enzymes
- All Natural With Fragrance

Benefits

- Faster Odor Elimination
- Superior Waste Digestion
- Fresh Lavender & Citrus Fragrance

Eco Strong is a family owned and operated business based in Illinois. We are recognized as a leading Brand manufacturing high performance all natural, bio-enzymatic cleaning and odor elimination products. We also manufacture solutions for: Pets, Septic Systems, Wastewater, Pond, Marine, Chicken & Fly.

Nothing ruins a road trip quite like the foul smell from the RV toilet. Pouring chemicals and fragrances down the toilet just mask the problem offering short lived relief.

Eco Strong's Holding Tank Treatment uses all-natural enzyme producing bacteria to break down and eliminate foul odors saving your toilet, tank and nose! Our unique formulation instantly bonds with the malodor molecules and locks them in place. Simultaneously, billions, of our enzyme producing bacteria begin to consume the proteins responsible for the foul odors, eliminating them for good.

Additionally, our six strains of all-natural enzyme producing bacteria, combined with additional specialized enzymes, breaks down and reduces waste, fats, oils, and greases along with paper and hair. This helps keep pipes clear and free flowing.

Available in blue lavender scent and red citrus scent.

★★★★★ **Works!**

Reviewed in the United States on August 3, 2022

Size: Lavender Scented - 8 Count - 2 oz shots | Color: Lavender Scented - 8 Count - 2 oz shots | **Verified Purchase**

I have tried a lot of products in my rv and this has worked better than any other. With pods I had to use more than one between pumps and the same with any other liquid brand. This worked immediately and keeps working making it also more economical than other brands. I won't use anything else.

I've gone through several tank cleaners / refreshers and none of them have performed like this stuff. The odor coming from my blank tank was revolting. I emptied the tank, put 2 ounces and a generous amount of hot hose water down the drain. Odors are gone and You can also mix it up in small volumes for toilet neck cleaning. Performs as advertised.

I just installed one ounce yesterday 8/7/2022 into the black tank. I'll be back here in about one month to post another review. I'm very optimistic about this stuff. I'll be back!

This has been the best stuff I have found for our trailer. Smells good and really brakes down everything.
