

## Where to Use

- Ponds
- Lagoons

## Features

- Multi Function
- Super Concentrated
- Easy to Use

## Benefits

- Cost Effective
- Healthiest Pond
- No Calculating or Mixing

Unwanted growth, muck, and foul odors result from a body of water receiving and containing more nutrients than it can consume. **Algae Alligator** contains trillions of microbes that naturally eat excess nutrients and even bottom muck. The result over time is crystal clear water, reduced bottom muck, and no odors. Containing 30 water-soluble biologic packets. Simply throw them across the pond's surface and they sink in place creating a very effective grid pattern of active biology. Algae Alligator treats a one-acre pond for two months. Use **Algae Alligator Cold Water** when the water temperature is below 50F. Treating year-round will significantly improve the pond's health and enable it to withstand the high nutrient loadings experienced during summer

**Eco Strong** is a family owned and operated business based in Illinois. We are recognized as a leading Brand manufacturing high performance all natural, bio-enzymatic cleaning and odor elimination products. We have solutions for: Pets, RV's, Septic Systems, Wastewater, Pond and Marine.

# Algae Alligator

 Amazon Customer

★★★★★ **It Works**

Reviewed in the United States on June 23, 2021

**Verified Purchase**

First cleaner I've used that cleaned the pond right up. A little costly. But in the long run will save. Due to the other products we were buying that didn't seem to do anything

**Warning:** Keep out of reach of children. Do not ingest. Wash hands thoroughly after each use. Keep out of eyes and/or open sores. May cause eye irritation. If irritation occurs rinse eyes thoroughly with water for several minutes. If irritation persists, seek medical attention.

**Water Use Restrictions:** Algae Alligator may be safely applied to lakes and ponds. Water treated with chloramines should not be used for treatment and killing of algae. After treatment, take the fish stock, birds, fish, wildlife and the environment. Do not apply to water that will be used for human consumption.

**Attention:** Beyond Environmental LLC (Eco Strong) registered trademark is not responsible for any loss of aquatic life. This product is non-specifically absorbed and non-pathogenic.

**Directions for use:**  
For best results begin treatment in the spring when the water temperature reaches 50F. Do not use in conjunction with algacide.

30 Algae Alligator water soluble packs treat one acre, (44,000 sq ft) of pond surface, assuming an average pond depth of 6', for two months. Each month place 15 Algae Alligator packs as evenly onto the water surface as possible. The water soluble packs are designed to rapidly sink in place creating a grid pattern in the pond.

**Monthly Treatment:**  
Every month place 15 Algae Alligator packs per acre as evenly onto the water surface as possible. The packs are designed to rapidly sink in place creating a grid pattern in the pond. Discontinue use when the pond temperature falls below 50F.

**Ingredients:** Proprietary carrier, micro nutrients, barley pellets, enzyme producing bacteria, wide variety of specialized enzymes, PVA paper.

Algae Alligator solves three common pond problems: reduces nutrient levels, increases water clarity and reduces bottom muck.

Unwanted growth, muck, and foul odors result from a body of water receiving and containing more nutrients than it can consume. Algae Alligator contains trillions of microbes that naturally eat excess nutrients and even bottom muck. The result over time is crystal clear water, reduced bottom muck, and no odors. Containing 30 water-soluble biologic packets. Simply throw them across the pond's surface and they sink in place creating a very effective grid pattern of active biology. Algae Alligator treats a one-acre pond for two months.

Use Algae Alligator Cold Water when the water temperature is below 50F. Treating year-round will significantly improve the pond's health and enable it to withstand the high nutrient loadings experienced during summer
