FALL/WINTER 2023

FALL 2023

Deliveries: 9/15-9/30 and 11/1-11/15

We are all about creating fun jewelry with the best quality materials with the idea of giving our jewelry as gifts and “treat yourself” moments. For Fall, we made everyday jewelry you can live in, jewelry with meaning that you can connect with, and minimalistic styles that can also make a statement.

Adorable charms are what we do best! You’ll see them landing in the forefront of all things jewelry for Fall 2023. We consider charms one of the most personal pieces of jewelry you can wear. We designed a small collection of collectible charms to make it easy for your customers to create a stack that is totally personalized. They look adorable on their own or mixed together with other charms that hold personal meaning.

We made classic charms - like a puffy heart, star and lightning bolt. We also made some playful charms, designed to amuse -inspired by our favorite snacks - egg on toast featuring a yellow jade “yolk”, an avocado featuring a tiger eye “pit” and a pretzel with pave crystal “salts”. We also added more lockets to accompany our bestselling enamel heart locket. We made classic circle lockets with enamel in black, red, green and blue, and also an oval locket in black enamel with an adorable gold floral motif.

As always, we added some classic stud and hoop earrings in 18k gold vermeil and sterling silver- including a new teeny tiny star, heart, cz crystal, and skull - the size is perfect for 2nd and 3rd piercings. We had to add some cheeky earring styles to round it out - so we added a mismatched pair of egg and bacon enamel studs and a pair of weiner dog studs, because... weiner dogs!!! Our new avocado stud earrings are made with the perfect avocado enamel green color and feature a tiger eye cabochon gemstone. Our safety pin hoop earrings have been a best seller for over 10 years, so we are giving them a little update with a touch of enamel in our fall color palette.

Enamel has fully taken over- so we added more colors for the season, including Pantone’s “color of the year” - Viva Magenta. We made our best selling enamel hoops, ear cuff and chill pills in this gorgeous saturated magenta color. We also added an enamel heart outline collection including a necklace, bracelet, and hoop earring in enamel colors of the season - black, red, green and blue.

As always, we design fun jewelry in the best quality materials that we’re proud to wear and give as gifts. We’re excited to partner with you and have our new collection in your store.

Sincerely,
Kris Nations & Kim Nations
