SPRING/SUMMER 2024

SPRING 2024

2/15-2/29 Delivery

For Spring 2024, we were inspired to design a collection that is a testament to the beauty of the season and the joy and optimism that it inspires.

Additions to our our best selling stud earring collection include: blooming & smiling flowers, soft serve ice cream cones, tennis rackets and the yin and yang symbol - all with details of fresh white enamel.

We added a fresh color palette to our most popular enamel styles. Our new Enamel Huggie Heart hoops are already a studio favorite in white and turquoise and our popular safety pin hoops get a color update in white, pink and turquoise.

Our new charm necklaces reflect the essence of spring and warmer months ahead including the graceful palm tree, majestic saguaro cactus, mysterious crescent moon, cheerful smiley face and personalized vintage inspired puffy letter charms. Our favorite necklace from the collection is the oversized strawberry necklace - a symbol of sweetness and abundance. It's the statement necklace we have been craving.

We are ready to embrace the spirit of spring with our new collection - celebrating nature's wonders and infusing personal style with optimism and fun.

XO,
Kris & Kim
