he Children's Happy Faces Foundation hosted 225 golfer and tennis players and 100 donors at its charity golf and tennis experience at the Westchester Country Club's Exclusive Beach Club on Manursing Island overlooking the Long Island Sound. The event, which raised \$555,000 to benefit Ronald McDonald House New York, included live music by the Parker Reilly Band & the American Bombshells.

"The incredible support from the New York real estate industry directly benefiting Ronald McDonald House New York is truly amazing," said David Lipson, CEO and founding member of Children's Happy Faces Foundation and senior managing director of Century Management Services Inc., the event's chairman. "It's so wonderful to see the continued outpouring of love and support for Ronald McDonald House New York and the children and families staying there as they continue their battle of survival. This year the New York real estate industry really stepped up their support, taking us beyond \$8.5 million over the last 15 years."

"We are grateful to the Children's Happy Faces Foundation and all who have partnered with us to bring this year's golf outing to life. The funds raised for this event are critically important in supporting our families as they experience the most difficult fight of their lives," said Ruth C. Browne, president and CEO of Ronald McDonald House New York.
