# Plant Care

by plant type

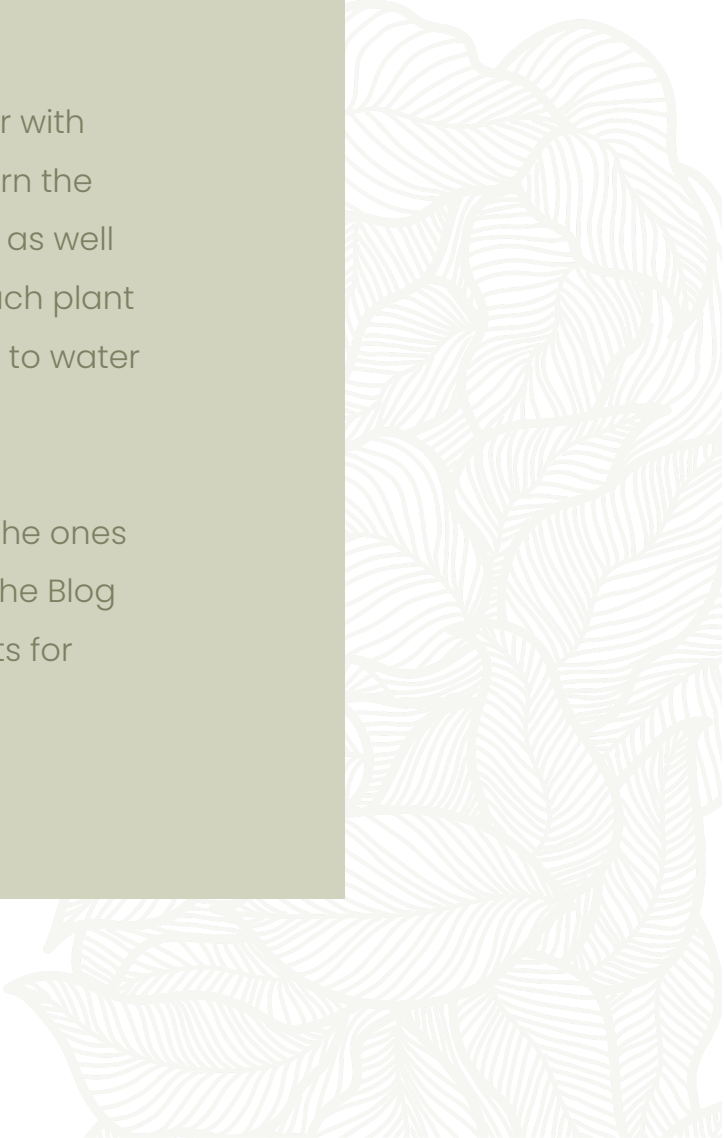

A simple guide to help you take care of the plants you love.

## Plant Care Tips

We highly recommend using a moisture meter with your indoor house plants. This will help you learn the volume of water needed each time you water as well as letting you know when it is time to water. Each plant has a preferred moisture level so it is not ideal to water every plant once a week the same amount.

All plants prefer no chlorine in their water but the ones with an asterisk\* are very sensitive to it. Read the Blog about what type of water is best for your plants for more information.

Plant Type	Pet Friendly Non-Toxic Toxicity Levels M=Mild H=High	Light Requirements	Plant Likes to Sit at: Moisture Level	Water Plant at: Moisture Level	Humidity Tray	Regular Misting
African Masks	H	Bright Indirect	4-5	3 Low 4	✓	
African Violet						
Agave	M	Bright Direct	4	2		
Aglaonema	H	Bright Indirect - Lower Light	5	3	✓	
Airplants (Tillandsia)		Bright Indirect	Check specific airplant instructions on the airplant page.			
Alocasia	H	Bright Indirect	4-5	2-3	✓	✓
Aloe Vera	H	Bright Indirect	2-3 Water Deep and Less Often	Low 2 Let dry between		
Aluminum Plant		Medium to Bright	4-5	2-3		
Anthurium	H	Bright Indirect	4-5	2-3	✓	

Plant Type	Pet Friendly Non-Toxic Toxicity Levels M=Mild H=High	Light Requirements	Plant Likes to Sit at: Moisture Level	Water Plant at: Moisture Level	Humidity Tray	Regular Misting
Banana Leaf		Bright Indirect and Direct	4-5	3	✓	
Begonia	H	Bright Indirect	4-5	3 Low 4	✓	
Birds of Paradise	H	Bright Indirect and Direct	4-5	Low 4	✓	✓
Bonsai Ficus Ginseng	M	Bright Indirect	4	2-3		✓
Bonsai Juniper	H	Bright - Mid Indirect	4	2-3		✓
Bromeliad		Bright Indirect	Keep inside stem with water			
Buddhist Maki Pine	M	Bright -Mid Indirect	4-5	3 Low 4	✓	✓
Burrows Tail		Bright Indirect	2-3 Water Deep and Less Often	Low 2 Let dry between		
Cactus	H	Bright Direct	1-2	Low 1 Let dry between		

Plant Type	Pet Friendly Non-Toxic Toxicity Levels M=Mild H=High	Light Requirements	Plant Likes to Sit at: Moisture Level	Water Plant at: Moisture Level	Humidity Tray	Regular Misting
Cactus Fishtail		Bright Indirect	2-3	1-2		
Caladium	H	Medium Bright Indirect	4-5	3 Low 4	✓	
Calathea		Bright Indirect - Medium Indirect	4-5	3 Low 4	✓	✓
Cast Iron Plant		Low-Medium Indirect	4-5	3		
China Doll		Low-Medium Indirect	4-5	3		✓
Chinese Evergreen	H	Bright Indirect tolerates artificial light sources	4	2	✓	
Coffee Plant	H	Medium Bright Indirect	4-5	3 Low 4		✓
Cordatum	H	Medium Bright Indirect	4-5	3		✓
Cordyline	H	Bright Indirect	4-5	3		✓
