

linelube Marine Stern Tube Oil 680

Product Description

Stern Tube Oil is lubricant designed to lubricate the stern tube bearings on a vessel. It is formulated from carefully selected mineral oils and additives. The high viscosity of the Stern Tube Oil minimises oil loss and water ingress, helping to reduce corrosion from separated seawater in statically loaded stern tube bearings.

Features & Benefits

- Reduces oil loss
- Reduces water ingress
- Improved rust protection
- Increased corrosion resistance

Applications

Stern Tube Oil is suitable for a variety of marine applications including use with stern tubes seals, fin stabilisers and propeller hubs.

Typical Test Data

Specific Gravity @ 15.5°C	0.915
Kinematic Viscosity @ 40°C	680
Viscosity Index	>90
Pour Point (°C)	< -5
Flash Point (°C)	>200
