

linelube Mould Release Oil AC10

Product Description

linelube Mould Release AC10 is a hydrocarbon-based release fluid formulated for duty in principally the production of moulded concrete products. Suitable for use on metal and timber framework where it will preserve the timber and prevent corrosion on the metal. Produces a clean and positive release combined with a stain free finish.

Features & Benefits

- Easy removal of concrete from moulds
- Prevents mould damage
- Ease of application

Applications

This product should be applied to prepared moulds and formers by swab, brush or spray. On new wooden moulds two applications before first use will assist in extending the mould life.

Typical Test Data

Appearance	Clear / Light Brown
Relative Density	0.840
Kinematic Viscosity @ 40°C	22
Flash Point (°C)	>70
