

linelube Gear Oil EP 80W-90

Product Description

linelube Gear Oil EP 80W-90 is blended from solvent refined base oils of low aromatisation and a carefully selected extreme pressure additive system which is fully compatible with multi-metal surfaces, typical with those found in worm type gear drives.

Features & Benefits

- Excellent oxidation stability
- Good protection against rust and corrosion
- High level of wear protection

Applications

linelube Gear Oil EP 80W-90 is suitable for use in circulatory and bath lubrication of heavily loaded gear units. It has excellent corrosion protection, demulcent ability and oxidation resistant properties.
