

# ***GROWING*** *for Inclusion*

PROJECT  
"Miles For CAMILA"

24 Hours, Bike Sebring  
February 19 & 20 SEBRING, FL  
February 26, 2021 "Miles on the Beach"

## About us

We are a group of therapists (neuropsychologists, psychologists, speech and learning therapists) that through innovative methods with a comprehensive vision, rehabilitate different neurodevelopmental disorders, as well as acquired intellectual disabilities and / or genetic disorders. Our greatest strength is empathy and bonding with the patient and their families, firmly believing that from that starting point, rehabilitation takes greater impact.

## Who is Camila?

If you were to see Camila on the streets, you would think she is a friendly girl who loves to say “Hi!” to everybody. A happy kid who likes to smile. However, Camila was born with Williams Syndrome (WS), a genetic condition that is present at birth, can affect anyone, and is characterized by a friendly personality, but also by an array of medical problems including cardiovascular disease, developmental delays, and learning challenges. These often occur side by side with striking verbal abilities, highly social personalities, and an affinity for music.

When Camila was 2 years old, she underwent an open-heart surgery to save her life. Since then, her parents have been working on making sure Camila can live her life to the fullest as a happy and healthy kid. Unfortunately, in 2019, she was diagnosed with mid aortic syndrome -a very rare condition in which part of the aorta (the heart’s largest blood vessel) that runs through the chest and abdomen- becomes narrow. If this condition is not treated in a timely fashion, it will be fatal.

That means Camila needs major surgery at Boston Children Hospital -one of two hospitals in the US that can perform the lifesaving surgery she needs. She will receive a kidney autotransplant and an aortic bypass, a complex surgery that will save her life one more time. Camila mom's dream to see her daughter grow up as a happy girl full of health and smiling to everybody -just as she does now. Please help us raise enough funds to get Camila to Boston Children's Hospital to receive this life saving surgery through your generous donation.

## Objectives

1. Raise \$7000 with the campaign "Miles for Camila", through Ricardo Paván participation in "24 hrs Bike Sebring" and a charity bicycle ride organized by PD Cycling Club.
2. Create awareness of Williams Syndrome
3. Promote the work carried out by "Growing for Inclusion INC".
4. Spread the word about inclusion before, during and after the competition, in order to inform and educate society about neurodevelopmental challenges.

## Ways to Donate

### 1. Tax-deductible donation to the Growing for Inclusion Foundation:

A gift given through “Growing for Inclusion” which provides an immediate tax benefit to you or your company. Companies can also be part of the campaign “Miles for Camila” donating a minimum of \$1 for every mile completed for Ricardo Pavan during “Bike Sebring, 24 Hrs category” His goal is to ride 450 miles.

### 2. Sponsorship for “MilesforCamila”:

Include the logo of your company in the uniforms that all cyclists will wear during Miles for Camila Fundraising events and the promotional materials used for this campaign. Donations begin at \$300.

3. Be part of “Miles for Camila” on February 26, 2022.

A Bicycle ride that will take place for 60 miles organized by PD Cycling Club, where they are inviting all cyclist around Broward County and Miami Dade, to create awareness about Inclusion and Williams Syndrome.

4. **Go Fund Me:**

A campaign will be launch on January 2022 to collect funds to cover the expenses associated with Camila’s surgery.

- Whatever you decide, we appreciate your support, every dollar Helps, we will be grateful for your donation.

# PARTICIPANTS

Cyclist.

Name: Ricardo Paván

Distance: 24 hours

Goal in miles: 450
