Winemaking

Left on the skin for 24 hours then fermented naturally and sealed in a tank at the end of the ferment to leave natural effervescence.

This natural style of sparkling wine is made from Riesling grapes grown by Glenora Farms on the slopes above Seneca Lake in the Finger Lakes region of New York. The wine was left on the skin for 24 hours then fermented naturally and sealed in a tank at the end of the ferment to leave natural effervescence. It's dry, crisp and fizzy, and has a combination of fruity Riesling flavors with tart green apples and a peppery grassy finish.

Anchor & Hope is a craft winery in Rumford, RI. Our grapes are grown on small family farms in Germany, California, Oregon, Rhode Island and New York. All of our wines are from a single vineyard, farmed sustainably, and made using minimal intervention practices. They are elegant, easy drinking, and food friendly.
