Rediscover Ancient Traditions for Modern Lives

100% Natural | 100% Pure | 100% Transparent

Handcrafted in India

Why Turmeric

Turmeric is woven into the fabric of Indian culture. Turmeric paste application was recommended for all ages and genders to protect, prevent, heal and beautify. It can counter & delay the effects of ageing, environment & life-style. It was also used for skin clarifying, acne control, pigmentation and sun protection .

About Parama Naturals

A range of turmeric-powered 100% natural daily essentials for skincare & wellness.

Inspired by Ayurveda, blending ancient traditions like Abhyanga with potent turmeric oil and other plant extracts, these effective products work at a deep cellular level, simplifying self-care for busy modern lives.

Founder Speak

My quest for healthier living options for my family & myself coupled with negligible time for self-care as a working professional, led me to start Parama Naturals, which blends ancient traditions with the healing power of nature.

I am loving the Parama journey, being able to live in harmony with myself, the planet & the community around me, weaving together my learnings from visionary leaders along with areas close to my heart...health & wellness, heritage, education, empowerment, inclusivity, environment.
