Don't Suffer From The PAIN Any Longer!

HemClear™ Ultimate Rectum Support is a holistic formula designed to promote better blood flow around the lower rectum. It contains HemoRid™ Multi-Flavonoid, a scientifically tested ingredient that provides essential nutrients for individuals to cope with weak rectal vein walls in the lower rectum. HemClear™ further supports healthy rectum vein integrity and protects the body against free radical damage with the addition of Horse Chestnut Seed Extract.

What Causes Hemorrhoids?

Pregnancy

During pregnancy, tissues in the rectum become weaker, and hormones cause veins to relax and swell. Hemorrhoids may occur in up to 35% of pregnant women.

Chronic constipation

Straining to move stool puts additional pressure on the walls of the blood vessels, which may result in hemorrhoids.

Diarrhea

Hemorrhoids can occur after cases of chronic diarrhea.

Diet

Eating low fiber foods may contribute to hemorrhoids.

Ingredients

HemoRid™ Multi-Flavonoid

HemoRid™ Multi-Flavonoid, a mixture of Hesperidin, Diosmin and Rutin, which helps to support healthy rectal vein structure and integrity.

Carnipure® Tartrate

A combination of L-Carnitine and L-Tartrate with antioxidant properties which help to protect the body against free radical damage.

Horse Chestnut Seed Extract

Horse chestnut is a tree native to parts of south-eastern Europe. Horse chestnut seed extract may reduce inflammation and swelling in the affected veins, relieving the symptoms of hemorrhoids.

Supplement Facts

Precaution:

If you are taking medication or have a medical condition, you should consult your health care specialist prior to using this product.

Made in Singapore.

FAQ

How soon will I be able to see results?

Results vary among individuals. You are advised to take HemClear™ consecutively for 3-6 months to achieve best results.

Will the long-term consumption of HemClear™ result in any side effects?

No known side effect has been observed. All ingredients in HemClear™ are tested and approved to ensure safety, purity, and efficacy. It is therefore safe for long-term consumption at the recommended dosage.

Should I separate my consumption of HemClear™ from other medications or caffeine beverages?

Yes, because the acidity in medications and caffeine beverages may affect the efficacy of HemClear™. You are advised to take HemClear™ and your medications/caffeine beverages at an interval of 1-2 hours apart.
