Omega-3 Fish Oil Boost Your Healthy life

US Clinicals® Omega-3 Deep Sea Fish Oil is naturally sourced and purified from the finest Deep Sea Alaska Tuna Fish which is rich in EPA and DHA. Medical research shows that both EPA and DHA are important for a healthy brain, heart and visual function as well as in aiding other parts of our body to operate optimally. Every batch of US Clinicals® Omega-3 Deep Sea Fish Oil undergoes stringent testing against mercury.

Omega-3 Fish Oil

Our fish oil supplement provides best formula including EPA and DHA. These vital nutrients for health benefits:

Supports Cardiovascular System: Omega-3 fatty acids promote cardiovascular well-being by reducing the risk of heart disease and maintaining healthy blood pressure and cholesterol levels.

Supports Brain Function: Fuel your brain with the nutrients it craves. Omega-3s have been shown to enhance cognitive function, memory, and focus.

Supports Visual Health: Keep your vision sharp and clear. Omega-3s may help prevent age-related macular degeneration and dry eye syndrome.

Ingredients

EPA (Eicosapentaenoic Acid)

- > Supports cardiovascular health
- > Supports cholesterol health
- > Supports immune system
- > Improves skin health

DHA (Docosahexaenoic Acid)

- > Supports brain development
- > Supports visual development
- > Protects neurological function

Precaution:

If you are nursing or pregnant, taking medication or have a medical condition, you should consult your health care specialist prior to using this product.

Formulated in USA.

FAQ

What is the difference between Omega-3 Deep Sea Fish Oil and Extra Strength Omega-3 Fish Oil?

Extra Strength Omega-3 Fish Oil contains a 60% concentration of EPA & DHA whereas Omega-3 Deep Sea Fish Oil only contains 30% of EPA & DHA in a 1,000mg capsule.

Will long term consumption of Omega-3 Deep Sea Fish Oil result in any side effects?

No known side effect has been observed. All ingredients in Omega-3 Deep Sea Fish Oil are tested and approved to ensure safety, purity and efficacy. It is therefore safe for long term consumption.

Can I take Omega-3 Deep Sea Fish Oil with my prescribed medicine?

Omega-3 Deep Sea Fish Oil is a supplement formulated to supply important nutrients that are not always easy to obtain in sufficient amounts from a diet. However, we recommend you to consult your health care practitioner concerning drug interactions if you are taking any medication.
